PERSONNEL POLICIES GOALS

The personnel employed by the Board are a very important resource for effectively conducting a quality educational program. The District's program functions best when it employs highly qualified personnel, conducts appropriate staff development activities and establishes policies and working conditions which are conducive to high morale and enable each staff member to make the fullest contribution to District programs and services.

The goals of the personnel program include:

1. developing and implementing those strategies and procedures for personnel recruitment, screening and selection which result in employing the best available candidates: those with the highest capabilities, strongest commitment to quality education and greatest probability of effectively implementing the educational program;
2. developing a general assignment strategy which makes the greatest contribution to the educational program and using it as the primary basis for determining staff assignments;
3. providing positive programs of staff development designed to contribute both to improvement of the educational program and to each staff member's career development aspirations;
4. providing for a genuine team approach to education, including staff involvement in planning, decision making and evaluation;
5. developing and using for personnel evaluation positive processes which contribute to the improvement of staff capabilities and assist in making employment decisions and
6. encouraging all employees to be cognizant of their roles in instilling ethical principles and democratic ideals in all students.

EQUAL OPPORTUNITY EMPLOYMENT

The District provides equal opportunities for employment, retention and advancement of all personnel.

This Board encourages all personnel to assist in the accomplishment of this goal through their personal commitment to the concept of equal opportunity for all personnel regardless race, color, national origin, ancestry, citizenship status, religion, sex, economic status, age, military status or disability.

STAFF INVOLVEMENT IN DECISION MAKING

The District involves the efforts of many people and functions best when all personnel are informed of the major activities and concerns.

There should be an exchange of ideas and pertinent information among all elements of a school district. Problems and unfavorable attitudes develop when employees are denied information essential for the performance of their respective assignments or when they feel that their ideas and concerns are not heard. Morale is enhanced when employees are assured that their voices are heard by those in positions of administrative authority.

A pattern of decision making and problem solving close to the task also contributes to efficiency and high morale.

While all employees have the opportunity to bring their ideas or grievances to the Board, it is expected that they proceed through the recognized administrative channels. Final authority for all decisions rests with the Board.

STAFF ETHICS

An effective educational program requires the services of men and women of integrity, high ideals and human understanding. To maintain and promote these essentials, the Board expects all staff members to maintain high standards in their working relationships and in the performance of their professional duties, to:

1. recognize basic dignities of all individuals with whom they interact in the performance of duties;
2. represent accurately their qualifications;
3. exercise due care to protect the mental and physical safety of students, colleagues and subordinates;
4. seek and apply the knowledge and skills appropriate to assigned responsibilities;
5. keep in confidence legally confidential information as they may secure;
6. ensure that their actions or those of another on their behalf are not made with specific intent of advancing private economic interests;
7. refrain from using position or public property, or permitting another person to use an employee's position or public property, for partisan political or religious purposes; (This will in no way limit constitutionally or legally protected rights as a citizen.)
8. avoid accepting anything of value offered by another for the purpose of influencing judgment.

STAFF CONFLICT OF INTEREST

Employees shall not engage in, nor have a financial interest in, any activity which conflicts with their duties and responsibilities in the District.

The Board recognizes that employees of the District must enjoy private lives and may associate with others outside of school for political, economic, religious, cultural or personal reasons. The Board and its supervisory staff, however, have a responsibility to evaluate employees in terms of their faithfulness to, and effectiveness in, discharging school duties and responsibilities. Therefore, when non-school activities reduce an employee's effectiveness within the District, the Board reserves the right to evaluate the impact of such activities upon an employee's responsibility to the Board.

With the issuance of a full-time contract, the Board becomes the individual's primary employer. No employee shall then obligate or involve himself/herself to interests or vestments outside his/her position with the Board that interfere with the normal contractual commitment to the Board, except as approved by the Superintendent.

Under certain circumstances the Board may recommend that the employee cease his/her non-school activity that is interfering with his/her obligation to the Board. If the employee fails to cease his/her non-school activity that is interfering with his/her Board obligation, the Board may consider such action a breach, and terminate its contractual arrangements with the employee.

Employees shall not engage in work of any type in which information concerning a customer, client or employer originates from any information available to them through District sources.

Employees shall not sell textbooks, instructional supplies, equipment, reference books or any other products to the District. They shall not furnish the names of students or parents to anyone selling these materials.

In order that there is no conflict of interest in the evaluation of employees, at no time shall any administrator responsible for the evaluation of an employee be directly related to that employee.

Employees must not use their influence or authority to secure authorization of a public contract, including an employment contract, for a family member.

STAFF CONDUCT

All staff members have a responsibility to make themselves familiar with, and to abide by, the laws of the state of Ohio and the negotiated agreement, the policies of the Board and the administrative regulations designed to implement them.

The Board expects staff members to conduct themselves in a manner which not only reflects credit to the District, but also presents a model worthy of emulation by students. Unless otherwise permitted by law, staff members are not permitted to bring a deadly weapon or dangerous ordnance into a school safety zone.

All staff members are expected to carry out their assigned responsibilities. Essential to the success of ongoing operations and the instructional program are the following specific responsibilities which are required of all personnel:

1. faithfulness and promptness in attendance at work;
2. support and enforcement of policies of the Board and regulations of the administration;
3. diligence in submitting required reports promptly at the times specified;
4. care and protection of District property and
5. concern and attention toward their own and the District's legal responsibility for the safety and welfare of students, including the need to ensure that students are under supervision at all times.

BOARD-STAFF COMMUNICATIONS

The Board wishes to maintain open channels of communication with the staff. The basic line of communication is through the Superintendent. Staff members should utilize the Superintendent to communicate to the Board or its subcommittees, while recognizing that Board meetings are public meetings and that employees, if members of the community, can participate in Board deliberations.

Accordingly, all official communications, policies and directives of staff interest and concern are communicated to staff members through the Superintendent. The Superintendent develops appropriate methods to keep staff members informed of the Board's issues, concerns and actions.

Board members must recognize that their presence in school buildings could be subject to a variety of interpretations by school employees. If a visit to a school or classroom is being made for other than general interest, Board members shall inform the Superintendent of such visit and make arrangements for visitations through the principals of the various schools. Board members will indicate to the principal the reason(s) for the visit. Official visits by Board members are carried out only under Board authorization.

STAFF HEALTH AND SAFETY

Through its overall safety program and various policies pertaining to school personnel, the Board attempts to ensure the safety of employees during their working hours and assist them in the maintenance of good health.

All employees are expected to observe commonly recognized practices which promote the health and safety of school personnel.

Bus drivers will have an annual physical examination in compliance with State law. The results of all such examinations are filed with the Superintendent.

Employees who are required by State or Federal law to have respiratory protection are required to have two physical examinations. The first examination must take place prior to the individual's wearing a respirator. The second examination must take place after the individual's exposure to any hazardous material (within 30 days if it is a one-time exposure, and at least annually if it is ongoing exposure).

The Board may require an individual examination of an employee whenever, in its judgment, it is necessary to protect the health and safety of students or other employees. Whenever the Board requires an employee to submit to a physical examination other than those required by law, the Board assumes the cost of the examination. All health examinations required of employees are made by one of the physicians approved for this purpose by the Board.

Any genetic information acquired as a result of individual examinations will be handled in accordance with Federal law.

Workers' Compensation

In case of injury while pursuing duties in keeping with the employee's contract, the employee may be eligible for payment of medical expenses under the Workers' Compensation Act of Ohio.

Any employee who is injured while at work should immediately report such injury to the central office and request the necessary forms to make application for payment under this act.

The injured employee may be requested to undergo chemical testing, as established by law and administrative regulation. The employee must prove that the injury was not proximately caused by the employee being intoxicated, under the influence of a controlled substance not prescribed by the employee's physician or under the influence of marihuana (marijuana). The results of, or the employee's refusal to submit to, any of the requested chemical tests may affect the employee's eligibility to receive workers' compensation benefits.

Under Ohio's Workers' Compensation Law, every employee who is injured in the course of employment is entitled to benefits, if necessary, to compensate him/her for lost work time, payment for medical, nursing and hospital services, medicines and funeral expenses, unless the injury was proximately caused by the employee being intoxicated, under the influence of a controlled substance not prescribed by the employee's physician or under the influence of marihuana (marijuana).

Testing Procedures

An injury is deemed to have been proximately caused by the employee being intoxicated or under the influence of a controlled substance not prescribed by the employee's physician or under the influence of marihuana (marijuana) if any of the following apply.

1. Within eight hours of the injury, the employee's blood alcohol level tests equal to or greater than .08%*.
2. Within eight hours of the injury, the employee's breath alcohol level tests equal to or greater than .08g/210L*.
3. Within eight hours of the injury, the employee's urine alcohol level tests equal to or greater than .11g/100 ml*.
4. Within 32 hours of the injury, the employee tests above both the following levels established for an enzyme multiplied immunoassay technique (EMIT) screening test and above the following levels established for a gas chromatography/mass spectrometry test, or in the alternative, above the levels established for a gas chromatography/mass spectrometry (GC/MS) test alone as follows, for substances not prescribed by a physician or marihuana (marijuana):
 - A. for amphetamines, 1000 ng/ml of urine for the EMIT test and 500 ng/ml of urine for the GC/MS test;
 - B. for cannabinoids, 50 ng/ml of urine for the EMIT test and 15 ng/ml of urine for the GC/MS test;
 - C. for cocaine, including crack cocaine, 300 ng/ml of urine for the EMIT test and 150 ng/ml of urine for the GC/MS test;

- D. for opiates, 2000 ng/ml of urine for the EMIT test and 2000 ng/ml of urine for the GC/MS test and
 - E. for phencyclidine, 25 ng/ml of urine for the EMIT test and 25 ng/ml of urine for the GC/MS test.
5. The employee, through a chemical test administered within 32 hours of the injury, is determined to have barbiturates, benzodiazepines, methadone or propoxyphene in the employee's system that tests above levels established by laboratories certified by the U.S. Department of Health and Human Services (HHS).
6. The employee refuses to submit to a requested chemical test.

Legal Protections

All testing will be conducted by a qualified, federally certified testing laboratory or a laboratory that meets or exceeds HHS standards for laboratory certification selected by the Board, and any positive test result will be confirmed by a medical review officer.

Confidentiality

All test results will remain confidential as between the employee, the Board and the Bureau of Workers' Compensation.

*This represents the minimum testing level used to establish intoxication under current State law prohibiting the operation of a motor vehicle while intoxicated, otherwise known as the State "OMVI" law.

HIV/AIDS
(Human Immunodeficiency Virus/
Acquired Immune Deficiency Syndrome)

General Principles

The Board recognizes that the human immunodeficiency virus (HIV) and the condition of acquired immune deficiency syndrome (AIDS), which is caused by the HIV infection, are significant medical, legal, educational and social issues. The Board desires to protect the rights of all students and employees and does not discriminate against students and employees who are HIV-infected. The Board works cooperatively with State and local health organizations in assessing the needs of HIV-infected students or staff and keeping updated on current educational information to be included in the District's educational plan.

Students who are infected with HIV are entitled to all rights, privileges and services accorded to other students. Decisions about any changes in the educational program of an HIV-infected student shall be made on a case-by-case basis, relying on the best available scientific evidence and medical advice.

There shall be no discrimination against employees who are HIV-infected. The District provides equal opportunities for employment, retention and advancement for all staff members. Employees who are unable to perform their duties due to an illness, such as those related to HIV, shall retain eligibility for all benefits that are provided for other employees with long-term diseases or disabling conditions, utilizing the information/rights in any negotiated agreements or Board policies as appropriate. Changes in employment status or location due to HIV complications are made on a case-by-case basis.

Evaluating Students and Staff Who Are Infected with HIV

The Superintendent is the designee regarding all HIV incidences. When an individual is found to be infected with HIV, the Superintendent shall determine whether the person has a secondary infection, such as tuberculosis, that constitutes a recognized risk of transmission in the school setting. This is a medical question and the Superintendent shall answer it by consulting with the infected person's physician, a qualified public health official who is responsible for such determination and the infected person and a student's parent(s). This group shall also discuss ways that the District may help anticipate and meet the needs of the student or staff member infected with HIV.

If there is no secondary infection that constitutes a medically recognized risk of transmission in the school setting, the Superintendent shall not alter the education program or job assignment of the infected person. The Superintendent shall periodically review the case with the infected person (and the parent(s) of the student) and with the medical advisors described above.

If there is a secondary infection that constitutes a medically recognized risk of transmission in the school setting, the Superintendent shall consult with the physician, public health official and the infected person (and the parent(s) of the student). If necessary, they will develop an individually tailored plan for the student or staff member. Additional persons may be consulted, if this is essential for gaining additional information, with the consent of the infected staff member or the student's parent(s). The Superintendent should consult with the school attorney to make sure that any official action is consistent with Ohio and Federal laws. When the Superintendent makes a decision about the case, there shall be a fair and confidential process for appealing the decision.

If an individually tailored plan is necessary, it shall have a minimal impact on either education or employment. It must be medically, legally, educationally and ethically sound. The Superintendent periodically reviews individual cases and oversees implementation of the plan in accordance with local, Ohio and Federal laws.

Confidentiality

Information regarding a student or staff member infected with HIV is classified, by law, as confidential. Those individuals who have access to the proceedings, discussions or documents must treat such information as confidential. Only with the written consent of the staff member or the student's parent(s) shall other school personnel, individuals and agencies be informed of the situation/condition. All information pertaining to the case shall be kept by the Superintendent in a locked file; access to this file is granted only to those people who have the written consent of the infected staff member or the infected student's parent(s).

HIV Advisory Committee

The President of the Board appoints an HIV Advisory Committee. The committee consists of one member of the Board, the Superintendent, one principal, one teacher, the District's legal counsel, the school physician and a doctor who specializes in communicable diseases. Other persons who may be considered as members include a guidance counselor, a student and an official of the County Department of Health. The function of the HIV Advisory Committee is:

1. to keep informed regarding the latest medical developments and information regarding HIV;
2. to advise the Board regarding policies and regulations and any changes which the committee recommends in such policies to the Board;
3. to advise the Board regarding the HIV education program;
4. to develop guidelines for Board consideration on hygienic practices in schools and
5. to assist any student, parent or employee who is seeking information about HIV.

HIV Education Program

The Board directs the administration, with the advice of the HIV Advisory Committee, to develop a program for educating persons regarding HIV. The program should provide a plan for making information about HIV available to students as a part of the health curriculum. HIV education should be developmentally appropriate to the grade level.

The Board directs the administration to develop an educational plan to inform employees about HIV-related issues and safety. In developing such programs, it is expected that information from sources such as the National Centers for Disease Control, the Ohio Department of Health and the Ohio Department of Education is utilized.

The educational program should ensure that, at a minimum, students and staff are informed in a consistent manner about:

1. the nature of HIV infection, including how it is and is not transmitted according to current scientific evidence;
2. District guidelines related to students and employees with diseases such as HIV infection;
3. resources within the District and the surrounding community for obtaining additional information or assistance and
4. procedures to prevent the spread of all communicable diseases at school.

CHEMICAL DEPENDENCY

use, possess, sell or be under the influence of alcohol, drugs or controlled substances during the employee's work hours or while on District property. Violation of this prohibition shall be viewed as grounds for disciplinary action, including suspension and/or termination of contract, as provided by law. When reasonable suspicion exists that an employee has violated this policy, the Superintendent may temporarily remove from work (with pay) said employee pending an investigation of the facts. Alcohol or other chemical dependency per se shall not be cause for disciplinary action against an employee, except as such dependency interferes with the performance of the employee's duties. An employee who suffers from drug addiction or alcoholism shall be considered handicapped, as defined by law, and any such person who can safely and substantially perform the essential functions of his/her job shall not be discharged or otherwise discriminated against. However, a person who, because of alcoholism and/or drug addiction, is unable to perform the essential duties of his/her job may be lawfully discharged.

1. Definitions:

For purposes of this policy, terms are defined as follows:

A. Alcohol:

Any liquor, wine, beer or other beverage which contains intoxicating substances.

B. Alcoholism:

A condition caused by the frequent use of alcohol, lasting a considerable length of time and expected to limit the person's functional ability.

C. Drugs:

Any controlled substance or drug including illegal drugs, marijuana, inhalants, mood-altering legal prescription and over-the-counter drugs used or possessed or distributed for purposes unauthorized by a physician and counterfeit (look-alike) substances or any drug which (a) is not legally obtainable and whose use, possession or transfer is restricted or prohibited by law, or which (b) is legally obtainable but has not been legally obtained.

D. Substance Abuse:

The use of drugs or alcohol in violation of State or Federal law or in violation of Board policy; the unauthorized use of any drug or alcohol or use in such quantity or frequency as to alter or impair a person's mental, emotional or physical state or capacity.

E. Under the Influence:

The presence of alcohol or drugs in an employee's system to the extent that the employee is affected by such presence in any detectable manner, including but not limited to impaired performance of job duties. A positive urinalysis result shall automatically be defined as under the influence.

[Adoption date: January 11, 2001]

STAFF PARTICIPATION IN POLITICAL ACTIVITIES

Employees of the District have the same fundamental civic responsibilities and privileges as other citizens. Among these are campaigning for an elective public office and holding an elective or appointive public office.

Any employee who intends to campaign for an elective public office will notify the Superintendent in writing at the earliest possible moment of the office that he/she intends to seek, together with the decisions as to whether he/she wishes to continue employment and under what terms and conditions.

The Superintendent will meet with and discuss these matters with the employee involved and will present a proposed solution to the Board for consideration. The essential element to be determined by the Board is whether the activities proposed by the employee are compatible with the time requirements for fulfilling the employee's responsibilities to the District.

In accordance with law, the Board will determine the terms and conditions under which the employee may continue employment as he/she seeks or holds such office.

In connection with his/her campaigning, no employee will use District facilities, equipment or supplies; nor will the employee discuss his/her campaign with school personnel or students during the working day; nor will the employee use any time during the working day for campaigning purposes.

STAFF-STUDENT RELATIONS

The relationship between the District's staff and students must be one of cooperation, understanding and mutual respect. Staff members have a responsibility to provide an atmosphere conducive to learning and to motivate each student to perform to his/her capacity.

Staff members should strive to secure individual and group discipline, and should be treated with respect by students at all times. By the same token, staff members should extend to students the same respect and courtesy that they, as staff members, have a right to demand.

Although it is desired that staff members have a sincere interest in students as individuals, partiality and the appearance of impropriety must be avoided. Excessive informal and/or social involvement with students is prohibited. Such conduct is not compatible with professional ethics and, as such, will not be tolerated.

Staff members are expected to use good judgment in their relationships with students both inside and outside of the school context including, but not limited to, the following guidelines.

1. Staff members shall not make derogatory comments to students regarding the school, its staff and/or other students.
2. The exchange of purchased gifts between staff members and students is discouraged.
3. Staff-sponsored parties at which students are in attendance, unless they are a part of the school's extracurricular program and are properly supervised, are prohibited.
4. Staff members shall not fraternize, written or verbally, with students except on matters that pertain to school-related issues.
5. Staff members shall not associate with students at any time in any situation or activity which could be considered sexually suggestive or involve the presence or use of tobacco, alcohol or drugs.
6. Dating between staff members and students is prohibited.
7. Staff members shall not use insults or sarcasm against students as a method of forcing compliance with requirements or expectations.
8. Staff members shall maintain a reasonable standard of care for the supervision, control and protection of students commensurate with their assigned duties and responsibilities.
9. Staff members shall not send students on personal errands.

10. Staff members shall, pursuant to law and Board policy, immediately report any suspected signs of child abuse or neglect.
11. Staff members shall not attempt to counsel, assess, diagnose or treat a student's personal problem relating to sexual behavior, substance abuse, mental or physical health and/or family relationships but, instead, should refer the student to the appropriate individual or agency for assistance.
12. Staff members shall not disclose information concerning a student, other than directory information, to any person not authorized to receive such information. This includes, but is not limited to, information concerning assessments, ability scores, grades, behavior, mental or physical health and/or family background.)

Social Networking Websites

1. District staff who have a presence on social networking websites are prohibited from posting data, documents, photographs or inappropriate information on any website that might result in a disruption of classroom activity. The Superintendent/designee has full discretion in determining when a disruption of classroom activity has occurred.
2. District staff is prohibited from providing personal social networking website passwords to students.
3. Fraternalization between District staff and students via the Internet, personal e-mail accounts, personal social networking websites and other modes of virtual technology is also prohibited.
4. Access of personal social networking websites during school hours is prohibited.

Violation of the prohibitions listed above will result in staff and/or student discipline in accordance with State law, Board policies and regulations, the Staff and Student Codes of Conduct and handbooks and/or staff negotiated agreements. Nothing in this policy prohibits District staff and students from the use of education websites and/or use of social networking websites created for curricular, cocurricular or extracurricular purposes.

NO TOBACCO USE ON DISTRICT PROPERTY BY STAFF MEMBERS

The Board has a duty to protect and promote the health and well-being of all students and staff. The Board is acutely aware of the serious health risks associated with the use of tobacco products, both to users and nonusers, and that most tobacco use begins by the age of 18. The Board recognizes that staff and school visitors serve as role models to students and, therefore, adopts this 100% tobacco-free District policy to endorse a healthy lifestyle and prevent tobacco use.

For the purpose of this policy, “tobacco” is defined to include any lighted or unlighted cigarette, cigar, pipe, bidi, clove cigarette, and any other smoking product, and spit tobacco, also known as smokeless, dip, chew and snuff, in any form.

For the purpose of this policy, electronic cigarettes are considered “tobacco.”

Tobacco Use Prohibited

No staff member or volunteer is permitted to smoke, inhale, dip or chew tobacco at any time, including non-school hours:

1. in any building, facility or vehicle owned, leased, rented or chartered by the District or
2. on school grounds, athletic facilities or parking lots.

No staff member or volunteer is permitted to smoke, inhale, dip or chew tobacco at any time, including non-school hours, at any school-sponsored event off campus.

Tobacco Advertisements and Promotions

Tobacco advertising is prohibited on school grounds, in all school-sponsored publications and at all school-sponsored events. Tobacco promotional items that promote the use of tobacco products, including clothing, bags, lighters and other personal articles, are not permitted on school grounds, in school vehicles or at school-sponsored events.

Providing Notice to Staff

“No Tobacco” signs will be posted throughout the District at entrances and other appropriate locations in all academic buildings, administrative spaces and athletic fields. District staff will be provided notice of this policy through staff handbooks. District vehicles will display the international “No Smoking” insignia.

Enforcement

Disciplinary measures taken against staff for violations of this policy comply with the requirements of State law, related District policies and regulations and/or the staff negotiated agreements.

Educational Reinforcement

Tobacco use prevention education is closely coordinated with the other components of the school health program. Staff responsible for teaching tobacco use prevention education have adequate pre-service training and participate in ongoing professional development activities to effectively deliver the education program.

PERSONNEL RECORDS

The Superintendent develops and implements a comprehensive and efficient system of personnel records. The Superintendent/Treasurer is hereby designated as the employee directly responsible for the personnel records system. The following guidelines govern such records.

1. Personnel files contain records and information relative to compensation, payroll deductions, evaluations and such information as may be required by State or Federal law or considered pertinent by the Superintendent. Anonymous material or material from an unidentified source are not placed in a staff member's file.
2. A personnel file for each employee is accurately maintained in the District office in accordance with administrative regulations incorporating the requirements set forth under the Ohio Privacy Act for the protection of employees. Employees will be notified whenever personal information concerning them is placed in their file.
3. State law requires that all public records be promptly prepared and made available for inspection to any member of the general public at all reasonable times during regular business hours. Upon request, the person directly responsible for personnel records is required to make copies available at cost, within a reasonable period of time.
4. The public has access to all records in the personnel file with the following exceptions:
 - A. medical records;
 - B. records pertaining to adoption, probation or parole proceedings;
 - C. trial preparation records;
 - D. confidential law enforcement investigatory records;
 - E. Social Security number and
 - F. records of which the release is prohibited by State or Federal law.

Additional exceptions are listed in Ohio Revised Code Section 149.43.

5. The District is required to keep reports of investigations of employee misconduct in the employee's personnel file, unless the State Superintendent of Public Instruction or his/her designee determines that the report does not warrant taking action against the employee. If the State Superintendent of Public Instruction or his/her designee determines no action is warranted, the investigation report must be moved from the employee's personnel file to a separate public file.

6. Each employee has the right, upon written request, to review the contents of his/her own personnel file. If a document is not disclosed to the employee because it is determined by a physician, psychiatrist or psychologist to be likely to have an adverse effect upon the employee, the document will be released to the designated medical authority. Requests are made to the Superintendent and scheduled for a time convenient for the parties involved.
7. Employees may make written objections to any information contained in the file. Any written objection must be signed by the staff member and becomes part of the employee's personnel file after the appeal procedure outlined in the Ohio Revised Code. The appeal procedure permits any employee who disputes the accuracy, relevance, timeliness or completeness of information maintained in his/her file to compel the District to investigate the current status of the information.
8. Personnel records should be reviewed only within the confines of the Superintendent's office or the Board's office.

STAFF COMPLAINTS AND GRIEVANCES

The Board encourages the administration to develop effective means for resolving differences that may arise among employees, reducing potential areas of grievances and establishing and maintaining recognized channels of communication.

Grievance procedures should provide for prompt and equitable adjustment of differences at the lowest possible administrative level; each employee should be assured the opportunity for an orderly presentation and review of complaints and concerns.

The machinery established for the resolution of grievances in contracts negotiated with recognized employee bargaining units applies only to “grievances” as defined in the particular contract(s).

EXTENDED GROUP HEALTH COVERAGE

The Consolidated Omnibus Budget Reconciliation Act (COBRA) provides for certain employees of the District and their dependents to be allowed to purchase extended group health insurance coverage for a limited period of time following their cessation of employment with the District. The Board contracts with a plan administrator who coordinates the program and provides the notices that are necessary.

1. Initial Notices

- A. The plan administrator must give a written notice describing the extended coverage rights to all employees and spouses covered by the group health insurance plan.
- B. The plan administrator must give a written notice describing extended coverage rights to each newly covered employee and spouse at the time their group health plan coverage begins. If a covered employee marries following the effective date of this policy, it is the employee's responsibility to inform the Board. The Board informs the plan administrator, who is then responsible for providing the new spouse with the proper notice.

2. Notices Related to Event Triggering Continuation Coverage and Election by Beneficiaries

- A. The Board is responsible for notifying the plan administrator, within 30 days, of the death, separation of employment or reduction of hours (leading to less coverage) of an employee and of an employee's entitlement to Medicare benefits.
- B. The employee or beneficiary is responsible for notifying the plan administrator of the divorce or legal separation of the employee and spouse and of the termination of eligibility of a dependent child.
- C. The plan administrator must notify the affected employee and dependents of their extended coverage rights within 14 days after the plan administrator is notified of the event that could lead to loss of coverage.
- D. The employee or dependent is given a period of 60 days after this notice is given in order to elect the extended coverage and to present payment of any applicable premium costs back to the cessation of coverage.

3. Employees' and Dependents' Rights Upon Loss of Coverage

- A. The extended coverage offered to eligible employees and their dependents is the same coverage as that provided under the current group plan to “similarly situated” individuals who remain eligible for regular (i.e., nonextended) coverage.
- B. If an employee incurs a termination of employment, whether voluntary or involuntary (other than for “gross misconduct”), or a reduction of hours that results in loss of coverage, he/she will be offered the extended coverage (including extended coverage for dependents who would otherwise lose existing coverage) for up to 18 months.
- C. If an employee’s spouse or children who are covered as dependents under the group health plan would lose coverage because of the death of the employee, divorce, legal separation or the employee’s becoming eligible for Medicare, the spouse and children will be offered the extended coverage for up to 36 months.
- D. If an employee’s dependent child who is covered by the group health plan ceases to be a dependent child under the terms of the plan and thereby loses coverage, the child must be offered extended coverage for up to 36 months.

4. Early Retirement of Coverage

Extended coverage elected by an eligible employee or dependent is terminated before the expiration of the relevant 18- or 36-month period if the covered individual:

- A. becomes covered by another employer-sponsored group health plan as a result of employment, re-employment or remarriage;
- B. becomes covered by Medicare or
- C. fails to pay for the coverage.

5. Cost of Coverage to the Employee and/or Dependents

- A. Eligible individuals who elect extended coverage can be charged 102% of the cost of the extended coverage. The cost of the extended coverage is the cost for the same period of coverage for similarly situated employees or dependents who remain eligible for regular coverage.
- B. The health care coverage to which this policy applies includes major medical, hospitalization, surgical and dental insurance but does not include life insurance.

VERIFICATION OF EMPLOYMENT ELIGIBILITY

The Board complies with all aspects of the Immigration Reform and Control Act of 1986. The Board delegates to the Superintendent the responsibility of establishing procedures to ensure compliance with this act.

Federal law requires that all employers and employees hired after November 6, 1986, complete an Employment Eligibility Verification Form (Form I-9) provided by the U.S. Immigration and Naturalization Service. All such employees must provide documents which establish both identity and employment eligibility in order for Form I-9 to be completed and signed by both the employee and the appropriate District official.

The Employment Eligibility Verification Form (Form I-9) must be retained for three years or for one year past the end of the employment of an individual, whichever is longer. Such forms must be made available for inspection to an Immigration and Naturalization Service (INS) or Department of Labor (DOL) officer upon request.

DRUG-FREE WORKPLACE

No employee shall unlawfully manufacture, distribute, dispense, possess or use any narcotic drug, hallucinogenic drug, amphetamine, barbiturate, marijuana, alcohol or any other controlled substance as defined in Federal and Ohio law, in the workplace.

Because of the Board's commitment to provide a safe workplace, no employee shall unlawfully manufacture, distribute, dispense, possess or use any narcotic drug, hallucinogenic drug, amphetamine, barbiturate, marijuana, alcohol or any other controlled substance, as defined in State and/or Federal law, in the workplace. The Board also prohibits the use and possession of legally acquired medical marijuana in the workplace.

"Workplace" is the site for the performance of any work done in connection with the District. The workplace includes any District building, property, vehicles or Board-approved vehicle used to transport students to and from school or school activities (at other sites off District property) or any school-sponsored or District activity, event or function, such as a field trip or athletic event in which students are under the jurisdiction of District authorities.

As a condition of employment, each employee shall notify his/her supervisor, in writing, of his/her conviction of any criminal drug statute for a violation occurring in the workplace as defined above, not later than five days after such conviction.

Employees are given a copy of the standards of conduct and the statement of disciplinary sanctions and are notified that compliance with the standards of conduct is mandatory. When the District has reasonable suspicion an employee is under the influence of any narcotic drug, hallucinogenic drug, amphetamine, barbiturate, marijuana, alcohol or any other controlled substance, as defined in State and/or Federal law, the employee may be subject to testing in accordance with prescribed administrative regulations, local, State and Federal law and/or the negotiated agreement and may be considered in violation of this policy. Employees who violate the policy shall be subject to disciplinary proceedings in accordance with prescribed administrative regulations, local, State and Federal law and/or the negotiated agreement, up to and including termination. Any employee in violation of this policy may be required to participate in a drug-abuse assistance or rehabilitation program approved by the Board.

Employees are provided the opportunity to participate in a drug-free awareness program to inform them of requirements, services and penalties.

A list of local drug and alcohol counseling, rehabilitation and re-entry programs and services offered in the community is made available to employees. Lists are also available in the central office.

CRIMINAL RECORDS CHECK

The Board shall request from the Superintendent of the Bureau of Criminal Investigation (BCI) criminal records checks of all candidates under final consideration for employment or appointment in the District. The BCI criminal records checks include information from the Federal Bureau of Investigation (FBI), unless the individual can demonstrate that he/she has been a resident of the state for the preceding five years and has previously been subject to a BCI check, in which case only a FBI check is required.

The Board may employ persons on the condition that the candidate submit to and pass a BCI criminal records check in accordance with State law. Any person conditionally hired who fails to pass a BCI criminal records check is released from employment. Applicants are given a separate written statement informing them that the Board uses a criminal records check as part of the initial hiring process and at various times during the employment career. This notice must be on a separate document that only contains this notice. The applicant's written authorization to obtain the criminal records check will be obtained prior to obtaining the criminal records check.

Prior to taking an adverse action against an applicant or employee (such as declining to employ, reassigning an employee, denying a promotion, suspension, nonrenewal or termination) based in whole or in part on a criminal records check, the applicant or employee is given a written pre-adverse action disclosure statement that includes a copy of the criminal records check and the Federal Trade Commission's notice titled "A Summary of Your Rights Under the Fair Credit Reporting Act."

After taking an adverse action, the applicant or employee is given a written adverse action notice that includes the name, address and telephone number of the BCI, a statement that the BCI did not make the decision to take the adverse action and cannot give specific reasons for it, the individual's right to dispute the accuracy or completeness of any information furnished by the BCI and the individual's right to an additional free criminal records check from the BCI upon request within 60 days.

An applicant for employment may provide a certified copy of a BCI criminal records check to the District in compliance with State law. The District may accept this criminal records check in place of its own records check if the date of acceptance by the District is within one year after the date of issuance by the BCI.

State law requires subsequent criminal records checks every five years for all school employees except bus drivers. For currently employed bus drivers, a new report is required every six years.

Any and all information obtained by the Board or persons under this policy is confidential and shall not be released or disseminated. Criminal records checks are not public records for purposes of the Public Records Law. Any applicant not hired because of information received from the records check shall be assured that all records pertaining to such information are destroyed.

Volunteers

The District notifies current and prospective volunteers who have or will have unsupervised access to students on a regular basis that a criminal records check may be conducted at any time.

Contractors

Criminal records checks are required for contractors who meet the following four criteria: (1) the contractor is an employee of a private company under contract with the District to provide “essential school services”; (2) the contractor works in a position involving routine interaction with a child or regular responsibility for the care, custody or control of a child; (3) the contractor is not licensed by the Ohio Department of Education and (4) the contractor is not a bus driver.

FAMILY AND MEDICAL LEAVE

The Board provides leave to eligible employees consistent with the Family Medical Leave Act (FMLA). Eligible employees are entitled to up to 12 workweeks (or 26 workweeks to care for a covered servicemember) of unpaid family and medical leave in a 12-month period. The Board continues to pay the District's share of the employee's health benefits during the leave. In addition, the District reinstates the employee to the same or an equivalent position after the employee's return from leave.

In complying with the FMLA, the District adheres to the requirements of applicable State and Federal law.

FAMILY AND MEDICAL LEAVE

Eligibility

An employee who has worked for the District for at least 12 months and who has worked at least 1,250 hours in the 12 months preceding the beginning of the leave is eligible for leave under the Family and Medical Leave Act (FMLA). The 12 months an employee must have been employed by the District do not need to be consecutive months. The 1,250 hours of service do not include vacation leave, sick leave, holidays or other paid leaves of absences. However, an employee returning from fulfilling his/her Uniformed Services Employment and Reemployment Rights Act (USERRA) covered service obligation shall be credited with the hours of service that would have been performed but for the period of military service in determining whether the employee worked the 1,250 hours of service.

Leave Entitlement

An eligible employee is allowed to take up to 12 workweeks of leave during a 12-month period. The District has chosen the following method to determine the 12-month period in which the 12 workweeks of leave entitlement occurs: any fixed 12-month “leave year.”

An employee may be eligible for 26 workweeks of FMLA leave during a single 12-month period to care for a covered servicemember with a serious injury or illness. The District will determine the “single 12-month period” using the 12-month period measured forward from the date an employee’s first FMLA leave to care for the covered servicemember begins.

Types of Leave

An eligible employee may take FMLA leave for the following purposes:

1. birth and care of a newborn child;
2. placement with an employee of a son or daughter for adoption or foster care;
3. care for a spouse, child or parent with a serious health condition. An employee may not take FMLA leave to care for a parent-in-law;
4. recovery from a serious health condition that keeps the employee from performing the essential functions of his/her job;
5. to respond to a “qualifying exigency” that arises because a spouse, child or parent is a military member on covered active duty or
6. to care for a covered servicemember with a serious injury or illness if the employee is the spouse, son, daughter, parent or next of kin of the covered servicemember.

The District requires eligible employees to use any accrued and unused paid vacation, personal or sick leave concurrently with unpaid FMLA leave.

Spouses Employed by the District

If spouses eligible for leave are both employed by the District, their combined amount of leave for birth, adoption, foster care placement and parental illness may be limited to 12 weeks. If spouses eligible for leave are employed by the District, their combined amount of leave to care for a covered servicemember is limited to 26 weeks.

Intermittent and Reduced Leave

FMLA leave may be taken intermittently or on a reduced leave schedule under certain circumstances. Intermittent leave is leave taken in separate blocks of time due to a single qualifying reason.

Reduced leave is a leave schedule that reduces the employee's usual number of hours per workweek or hours per workday.

Intermittent or reduced leave is available for the employee's own serious health condition; to care for a parent, spouse, son or daughter with a serious health condition; to care for a covered servicemember's serious injury or illness or for leave taken due to a qualifying exigency. Such leave may be used for the birth or adoption/placement of a child only if the Board agrees.

If an employee needs leave intermittently or on a reduced leave schedule for planned medical treatment, the employee must make a reasonable effort to schedule the treatment so as not to unduly disrupt the employer's operations.

If the employee needs intermittent leave or leave on a reduced schedule that is foreseeable, the Superintendent may require the employee to temporarily transfer during the period that the intermittent or reduced leave schedule is required to an available position for which the employee is qualified and which better accommodates recurring periods of leave than does the employee's regular position.

If an eligible instructional employee (i.e., those whose principal function is to teach and instruct students in a class, a small group or an individual setting) needs intermittent leave or leave on a reduced leave schedule due to foreseeable medical treatments, and the employee would be on leave for more than 20% of the total number of working days over the period the leave would extend, the District may require the employee either to:

1. take leave for a period or periods of a particular duration, not greater than the duration of the planned treatment or

2. transfer temporarily to an available alternative position for which the employee is qualified, which has equivalent pay and benefits and which better accommodates recurring periods of leave than does the employee's regular position.

Benefits

The Board maintains the employee's health coverage under the group health insurance plan during the period of FMLA leave on the same conditions as coverage would have been provided if the employee had been continuously employed during the entire leave period. Prior to the beginning of the FMLA leave, the employee should make arrangements with the Treasurer to pay the employee's share of health insurance.

An employee may, but is not entitled to, accrue any additional benefits or seniority during unpaid FMLA leave. Benefits accrued at the time leave began (e.g., paid vacation, sick or personal leave to the extent not substituted for unpaid FMLA leave), however, must be available to an employee upon return from leave.

The Board is entitled to recover health care premiums paid during the leave if the employee fails to return from leave. Recovery cannot occur if the employee fails to return because of the continuation, recurrence or onset of a serious health condition or due to circumstances beyond the control of the employee.

Notice

When the FMLA leave is foreseeable, the employee must notify the Superintendent at least 30 days prior to the date when the leave is to begin. If the leave is not foreseeable, the employee must give notice as early as is practical. An employee shall provide at least verbal notice sufficient to make the District aware that the employee needs FMLA-qualifying leave, and the anticipated timing and duration of the leave.

The Board may deny the leave if the employee does not meet the notice requirements.

Certification

The Board may require the employee to provide a complete and sufficient certification from a health care provider containing specific information if he/she requests a medical leave. If there is a question concerning the validity of such certification, a second and, if necessary, a third opinion can be required, both at the expense of the District.

Upon the employee's return to work from FMLA leave occasioned by the employee's own serious health condition, the Board requires that the employee present a fitness statement from the employee's health care provider certifying that the employee is able to return to work.

Reinstatement

When the employee returns from the leave, the Board reinstates the employee to the same or an equivalent position with equivalent benefits, pay, terms and conditions of employment. An employee has no greater right to reinstatement or to other benefits and conditions of employment than if the employee had been continuously employed during the FMLA leave period.

Instructional Employees

Special leave rules apply to instructional employees. Instructional employees are those employees whose principal function is to teach and instruct students in a small group, or in an individual setting. This term includes teachers, athletic coaches, driving instructors and special education assistants such as signers for the hearing impaired. It does not include teacher assistants or aides who do not have as their principal job actual teaching or instructing, nor does it include auxiliary personnel such as counselors, psychologists or curriculum specialists. It also does not include cafeteria workers, maintenance workers or bus drivers.

The following limitations also apply to instructional employees who take leave near the end of a semester for purposes other than the employee's own serious health condition.

1. When an instructional employee begins leave more than five weeks before the end of a semester, the Board may require the employee to continue taking leave until the end of the semester if the leave will last at least three weeks and the employee would return to work during the three-week period before the end of the semester.
2. When an instructional employee begins leave less than five weeks before the end of a semester, the Board may require the employee to continue taking leave until the end of the semester if the leave will last more than two weeks and the employee would return to work during the two-week period before the end of the semester.
3. When an instructional employee begins leave less than three weeks before the end of a semester and the leave lasts more than five working days, the Board may require the employee to continue taking leave until the end of the semester.

In all cases, only the period of leave until the employee is ready and able to return to work shall be charged against the employee's FMLA leave entitlement. Any additional leave required by the Board is not counted as FMLA leave. However, the Board is required to maintain the employee's group health insurance and restore the employee to the same or equivalent job upon the conclusion of the leave.

HEALTH INSURANCE PORTABILITY AND ACCOUNTABILITY (HIPAA)

The Health Insurance Portability and Accountability Act of 1996 (HIPAA) grants individuals the right to receive notice of the uses and disclosures of their protected health information that may be made by the District, and sets forth the individual's rights and the District's legal obligations with respect to protected health information. The purpose of this policy is to assist the District in complying with the HIPAA privacy standards, to ensure that individuals receive adequate notice of the District's practices with regard to the dissemination and use of protected health information, and to protect the confidentiality and integrity of protected health information.

Confidentiality of Individually Identifiable Health Information

All officers, employees and agents of the District must preserve the confidentiality and integrity of individually identifiable health information pertaining to any individual. Individually identifiable health information is protected health information and shall be safeguarded to the extent possible in compliance with the requirements of the security and privacy rules and standards established by HIPAA.

The District and its employees will not use or disclose an individual's protected health information for any purpose without the properly documented consent or authorization of the individual or his/her authorized representative unless required or authorized to do so under State or Federal law or this policy, unless an emergency exists or unless the information has been sufficiently de-identified that the recipient of the information would be unable to link the information to a specific individual.

Prior to releasing any protected health information for the purposes set forth above, the District representative disclosing the information shall verify the identity and authority of the individual to whom disclosure is made. This verification may include the examination of official documents, badges, driver's licenses, workplace identity cards, credentials or other relevant forms of identification or verification.

All employees of the District are expected to comply with and cooperate fully with the administration of this policy. The District will not tolerate any violation of the HIPAA privacy or security standards or this policy. Any such violation constitutes grounds for disciplinary action, up to and including termination of employment.

Any employee of the District who believes that there has been a breach of these privacy and security policies and procedures or a breach of the integrity or confidentiality of any person's protected health information shall immediately report such breach to his/her immediate supervisor or the Board-appointed privacy/security officer. The privacy/security officer shall conduct a thorough and confidential investigation of any reported breach and notify the complainant of the results of the investigation and any corrective action taken.

The District will not retaliate or permit reprisals against any employee who reports a breach to the integrity or confidentiality of protected health information. Any employee involved in retaliatory behavior or reprisals against another individual for reporting an infraction of this policy is subject to disciplinary action up to and including termination of employment.

Following the discovery of a breach of unsecured health information, the privacy/security officer will notify each individual whose unsecured protected health information has been, or is reasonably believed to have been accessed, acquired, used or disclosed as a result of a breach. Any individual responsible for the unauthorized use or disclosure is referred to the Superintendent or his/her designee for appropriate disciplinary measures.

Privacy/Security Officer

The Treasurer shall be the privacy/security officer for the District. The privacy/security officer is responsible for overseeing all ongoing activities related to the development, implementation, maintenance and adherence to the District's policies and procedures concerning the security and privacy of protected health information.

Notice

The District shall distribute a Notice of Privacy Practices to individuals at the time of their enrollment in the health plan and within 60 days of any material revision. The notice shall also be posted in a clear and prominent location in each facility in the District and be printed in staff handbooks and the health plan booklet. The District will also notify individuals covered by the health plan of the availability of and how to obtain the notice at least once every three years.

Training

All employees shall receive training regarding the District's privacy policies and procedures as necessary and appropriate to carry out their job duties. Training shall also be provided when there is a material change in the District's privacy practices or procedures.

Documentation

Documentation shall be required in support of the policies and procedures of the District and all other parts of the HIPAA privacy regulations that directly require documentation, including, but not limited to, all authorizations and revocations of authorizations, complaints and disposition of complaints. All documentation is kept in written or electronic form for a period of six years from the date of creation or from the date when it was last in effect, whichever is later.

FAMILY AND MEDICAL LEAVE

An employee who has worked for the District for at least 12 months is eligible for 12 work weeks of FMLA leave during a 12-month period, provided the employee worked at least 1,250 hours in the 12 months preceding the beginning of the leave.

Types of Leave

An eligible employee may take FMLA leave for:

1. the birth and first-year care of a child;
2. the adoption or foster placement of a child;
3. the serious illness of an employee's spouse, parent or child or
4. the employee's own serious health condition that keeps the employee from performing the essential functions of his/her job.

An employee may elect, or the Board may require an employee, to use accrued paid vacation, personal or sick leave for purposes of a family leave. An employer cannot compel an employee to use accrued medical/sick leave in any situation for which the leave could not normally be used.

Spouses Employed by the District

If a husband and wife eligible for leave are employed by the District, their combined amount of leave for birth, adoption, foster care placement and parental illness may be limited to 12 weeks. An employee may not take FMLA leave to care for a parent-in-law.

Intermittent and Reduced Leave

Intermittent leave is leave taken in separate blocks of time due to a single illness or injury.

Reduced leave is a leave schedule that reduces employee's usual number of hours per work week or hours per workday.

Intermittent or reduced leave is available only for the employee's own serious health condition or to care for a seriously ill spouse, child or parent. Such leave may not be used for the birth or adoption/placement of a child.

The employee who wishes to use intermittent or reduced leave must have the prior approval of the Board/designee. Although the Board/designee and employee may agree to an intermittent or reduced leave plan, the employee who uses family leave is not automatically entitled to use such leave on an intermittent or reduced leave schedule.

The Board may provide such leave for medical purposes, but the Superintendent may transfer the employee to a position which is equivalent, but more suitable for intermittent periods of leave. The employee must furnish the Board with the expected dates of the planned medical treatment and the duration of the treatment. The Superintendent must authorize such leave in writing.

Benefits

The Board maintains the employee's health coverage under the group health insurance plan during the period of FMLA leave. The employee should make arrangements with the Treasurer to pay the employee's share of health insurance (e.g., family coverage) prior to the beginning of the FMLA leave.

The employee will not lose any other employment benefit accrued prior to the date on which leave began but is not entitled to accrue seniority or employment benefits during the leave period. Employment benefits could include group life insurance, sick leave, annual leave, educational benefits and pensions.

Notice

When the FMLA leave is foreseeable, the employee must notify the Superintendent of his/her request for leave at least 30 days prior to the date when the leave is to begin. If the leave is not foreseeable, the employee must give notice as early as is practical. When the employee requests medical leave, the employee must make reasonable attempts to schedule treatment so as not to disrupt the District's operations.

The Board may deny the leave if the employee does not meet the notice requirements.

Certification

The Board may require the employee to provide certification from a health care provider containing specific information required under the law if he/she requests a medical leave. If there is a question concerning the validity of such certification, a second and if necessary, a third opinion can be required, both at the expense of the District.

Upon the employee's return to work, the Board requires that the employee present a fitness statement from the employee's health care provider certifying that the employee is able to return to work.

Restoration

When the employee returns from the leave, the Board restores the employee to the same or an equivalent position with equivalent benefits, pay, terms and conditions of employment in accordance with Board policy.

Under certain circumstances, the Board may deny restoration to a key employee. The Board complies with the notice requirements of the FMLA in denying restoration. A key employee is one who is among the highest paid 10 percent of the employees and whose absence would cause the District to experience a substantial and grievous economic injury.

Instructional Employees

Special leave rules apply to instructional employees. Instructional employees are those employees whose principal function is to teach and instruct students in a small group or in an individual setting. This term includes teachers, athletic coaches, driving instructors and special education assistants such as signers for the hearing impaired. It does not include teacher assistants or aides who do not have as their principal job actual teaching or instructing, nor does it include auxiliary personnel such as counselors, psychologists or curriculum specialists. It also does not include cafeteria workers, maintenance workers or bus drivers.

Limitations apply to instructional employees who take intermittent or reduced leave. If the leave requested is:

1. to care for a family member or for the employee's own serious health condition;
2. foreseeable based on planned medical treatment and
3. the employee would be on leave for more than 20 percent of the total number of working days over the period the leave would extend.

The Board then may require the employee to choose either to:

1. take the leave for a period or periods of a particular duration, not greater than the planned treatment or
2. transfer temporarily to an available alternative position for which the employee is qualified, which has equivalent pay and benefits and which better accommodates recurring periods of leave than does the employee's regular position.

Limitations also apply to instructional employees who take leave near the end of a semester. When an instructional employee begins leave more than five weeks before the end of a semester, the Board may require the employee to continue taking leave until the end of the semester if:

1. the leave will last at least three weeks and
2. the employee would return to work during the three-week period before the end of the semester.

When an instructional employee begins leave for a purpose other than the employee's own serious health condition during the five-week period before the end of the semester, the Board may require the employee to continue taking leave until the end of the semester if:

1. the leave will last more than two weeks and
2. the employee would return to work during the two-week period before the end of the semester.

When an instructional employee begins leave for a purpose other than the employee's own serious health condition during the three-week period before the end of a semester and the leave lasts more than five working days, the Board may require the employee to continue taking leave until the end of the semester.

Failure to Return

The Board is entitled to recover health care premiums paid during the leave if the employee fails to return from leave. Recovery cannot occur if the employee fails to return because of the continuation, recurrence or onset of a serious health condition or due to circumstances beyond the control of the employee.

PROFESSIONAL STAFF POSITIONS

All professional staff positions are created only with the approval of the Board. It is the Board's intent to maintain a sufficient number of positions to accomplish its goals and objectives.

Before any new position is established, the Superintendent presents for the Board's approval a job description for the position.

Although a position may remain temporarily unfilled or the number of persons holding the same type of position may be reduced in the event of staff reductions, only the Board may abolish a position which it has created.

The Superintendent keeps all job descriptions current and presents recommended changes to the Board for approval.

PROFESSIONAL STAFF CERTIFICATION, REPORTS
AND TRAINING

All certificated employees are responsible to have on file in the office of the Superintendent a true copy of any and all current certificates as are required or related to the duties for which they are assigned.

Certification and Reports

The Treasurer is not authorized to pay a teacher for services until the teacher files with him/her such reports as are required by the State Board of Education, the Board and the Superintendent as well as a transcript of credits and a legal teacher's certificate or a true copy thereof, to teach the subjects or grades taught, with the dates of its validity.

Notwithstanding the foregoing paragraph, the Treasurer may pay a teacher for services rendered during the first two months of the annual school session, provided such teacher is the holder of a bachelor's degree or higher and has filed with the State Board of Education an application for the issuance of a teacher's provisional certificate or one of a higher grade.

Upon notice to the Treasurer given by the State Board of Education or the Superintendent having information that reports required of a teacher have not been made, the Treasurer shall withhold the salary of the teacher until the required reports are completed and furnished.

Additional Training

Each teacher who has completed training which would qualify him/her for a higher salary bracket pursuant to this section shall file by the 15th day of September with the Treasurer satisfactory evidence of the completion of such additional training. The Treasurer shall then immediately place the teacher, pursuant to this section and law, in the proper salary bracket in accordance with training and years of service before certifying such salary, training and years of service to the Superintendent of public instruction.

PROFESSIONAL STAFF CONTRACTS AND COMPENSATION PLANS
(Teachers)

The Board believes that a fair teacher compensation plan, which includes an adequate base salary, increments and employee benefits, is necessary to attract and hold highly qualified men and women to provide a quality educational program.

As required by law, notice of annual salary is given to each certificated/licensed employee by July 1.

Teacher Contracts

Written contracts of employment are issued to all certified/licensed teaching personnel. Contracts are by and between the staff member and the Board.

The basic types of contracts are as follows:

1. Limited Contract

A limited contract is one to five years in length. It may be entered into by a teacher who has not been an employee of the Board for at least three years and must be entered into, regardless of length of previous employment, by a teacher who holds a provisional or alternative license or who holds a professional license and is not eligible to be considered for a continuing contract.

Any teacher employed under a limited contract and not eligible to be considered for a continuing contract is, at the expiration of the contract, considered re-employed at the same salary plus any increment provided by the salary schedule, unless acted upon by the Board.

The Board may, acting on the Superintendent's written recommendation that the teacher not be re-employed, not renew a limited contract so long as evaluation procedures have been completed in compliance with law. The Board must give the teacher written notice of its intent not to re-employ on or before June 1.

2. Extended Limited Contract

An extended limited contract of one or two years in length is given to a teacher who is eligible for consideration for, but not awarded, a continuing contract.

3. Continuing Contract

Teachers who have taught in the District for at least three years within the last five years and teachers who have attained continuing contract status elsewhere and have served two years in the District are eligible for continuing contracts.

A continuing contract may be issued to eligible teachers who:

- A. Hold a professional, permanent or life teaching certificate or
- B. Any teacher who was initially issued a teacher's certificate or educator's license prior to January 1, 2011 who meets the following conditions:
 - 1) Holds a professional educator license or a senior professional educator license or lead professional educator license;
 - 2) Has completed the applicable one of the following:
 - a. If the teacher did not hold a master's degree at the time of initially receiving the license, 30 semester hours of course work are required in the area of licensure or in an area related to teaching since the initial issuance of the license.
 - b. If the teacher held a master's degree at the time of initially receiving his/her license, six semester hours of graduate course work are required in the area of licensure or in an area related to teaching since the initial issuance of the license.
- C. Any teacher who never held a teacher's certificate and was initially issued an educator license on or after January 1, 2011 who meets the following conditions:
 - 1) Holds a professional educator license or a senior professional educator license or lead professional educator license;
 - 2) Has held an educator license for at least seven years;
 - 3) Has completed the applicable one of the following:
 - a. If the teacher did not hold a master's degree at the time of initially receiving an educator license, 30 semester hours of course work in the area of licensure or an area related to the teaching field since the issuance of the license.

- b. If the teacher held a master's degree at the time of initially receiving his/her license, six semester hours of graduate course work are required in the area of licensure or in an area related to teaching since the initial issuance of the license.

Upon the recommendation of the Superintendent that a teacher eligible for continuing contract service status be re-employed, a continuing contract is granted unless the Board rejects the recommendation by three-fourths vote. A continuing contract remains in effect until the teacher resigns, elects to retire, is retired for reasons consistent with law or until he/she is terminated or suspended.

If the Board rejects the recommendation for re-employment of the teacher, the Superintendent may recommend re-employment of the teacher under an extended limited contract for a term not to exceed two years, if continuing service status has not previously been attained elsewhere. Written notice of the Superintendent's intention to make such a recommendation must be given to the teacher with reasons directed at the professional improvement of the teacher on or before June 1. Upon subsequent re-employment of the teacher, only a continuing contract may be entered into.

The Board may reject the Superintendent's recommendation for re-employment of the teacher under an extended limited contract by three-fourths vote of its full membership.

The Board declares its intention not to re-employ the teacher by giving the teacher written notice on or before June 1. If evaluation procedures have not been completed in compliance with law or if the Board fails to give the teacher written notice of its intent not to re-employ by the aforementioned date, the teacher is re-employed under an extended limited contract for a term not to exceed one year at the same salary plus any increment provided by the salary schedule.

The Superintendent's recommendation is considered in all contracts pertaining to certificated/licensed individuals.

PROFESSIONAL STAFF CONTRACTS AND COMPENSATION PLANS
(Administrators)

Fair compensation plans are necessary in order to attract and hold highly qualified administrators to provide and manage a quality educational program.

The Board may establish a salary schedule for its administrators, with the exception that the salary of the Superintendent is usually determined by the employee contract. Notice of annual salary is given to each administrator by July 1.

All administrators shall be issued written limited contracts. The contract specifies the administrative position and duties, the salary and other compensation to be paid for performance of such duties, the number of days to be worked, the number of days of vacation leave and any paid holidays in the contractual year.

The term of the administrator's contract will not exceed three years, except that an individual who has been employed as an administrator for three years or more shall be entitled to receive a contract of not fewer than two nor more than five years. The Superintendent may recommend employment of an individual who has served as an administrator in the District for three years or more under a one-year administrative contract once during such individual's administrative career in the District.

An administrator who has earned teacher tenure in the District retains such status while serving as administrator. Any administrator who previously obtained teacher tenure in another district achieves teacher tenure in the District after re-employment with two or more years' experience as an administrator in the District.

The Superintendent's recommendation is considered in all contract renewals. All administrators are evaluated annually. In the year an administrator's contract does not expire, the evaluation is completed and a written copy is given to the administrator no later than the end of the administrator's contract year as defined by his/her salary notice.

In the year an administrator's contract does expire, two evaluations are completed: one preliminary and one final. The preliminary evaluation is conducted at least 60 days prior to any Board action on the employee's contract, and a written copy of the preliminary evaluation is given to the administrator at this time.

The final evaluation includes the Superintendent's intended recommendation for the employee's contract. A written copy of the final evaluation must be provided to the employee at least five days prior to the Board's action to renew or nonrenew the employee's contract. If the Board fails to take action on the expiring contract, then the administrator is renewed. If the administrator has been in the District for two years or less, he/she will receive a one-year contract. If the administrator has been in the District three years or more, he/she will receive a two-year contract.

Before June 1, any administrator whose contract expires at the end of the school year is notified by the Board of the date on which the contract expires and of the individual's right to request a meeting with the Board in executive session to discuss the reasons for considering renewal or nonrenewal of his/her contract. Also prior to June 1 of the year in which the employment contract expires, any administrator whom the Board intends to nonrenew receives written notification of the Board's intent not to re-employ.

The Board may request an alternative administrative license valid for employing a superintendent or any other administrator, consistent with State law.

PROFESSIONAL STAFF CONTRACTS AND COMPENSATION PLANS
(Teachers)

The Board may offer an employment contract to a qualified individual with a resident educator license, issued by the State Board of Education (SBOE), in the Teach For America program. Teach For America is a national program that recruits recent college graduates to teach for two years in urban and rural public schools.

Applicants for a resident educator license must satisfy the following qualifications for the duration of the program:

1. hold a bachelor's degree from an accredited institution of higher education;
2. maintain a cumulative undergraduate grade-point average of at least 2.5 out of 4.0, or its equivalent;
3. pass an examination prescribed by the SBOE in the subject area to be taught;
4. successfully complete the summer training institute operated by Teach For America and
5. remain an active member of the Teach for America two-year support program.

Prior to being placed in a classroom, participants in the Teach For America program must complete a five-week summer training seminar that covers such topics as instructional planning and delivery, classroom management and culture, and learning theory and literacy development.

Participants must also receive ongoing professional development in an accredited four-year institution of higher learning during their two-year teaching commitment.

The SBOE is required by law to issue a resident educator license to an applicant who has completed at least two years of teaching in another state as a participant in the Teach For America program and credit him/her with two years of the four-year Ohio Teacher Residency Program.

In addition, the SBOE is required by law to revoke a resident educator license issued to a Teach for America Program participant who is assigned to teach in the state if the participant resigns or is dismissed from the program prior to completion of the two-year Teach for America support program.

PROFESSIONAL STAFF CONTRACTS AND COMPENSATION PLANS
(Administrators)

The Board may request that the Ohio Department of Education (ODE) issue an alternative administrative license valid for employing a principal, superintendent or other administrative specialist as specified by the Board.

ODE may issue a one-year alternative principal license, valid for serving as principal or assistant principal, or a two-year alternative superintendent or administrative specialist license at the request of the District. The individual must:

1. be of good moral character;
2. submit to a BCI background check;
3. have a bachelor's degree (for principals and administrative specialists) with a grade-point average of at least 3.0 or a master's degree (for superintendents) with a graduate grade-point average of at least 3.0 and
4. have two or more years of teaching experience or five years of documented successful work experience in education, management or administration (for principals) or five or more years of documented successful experience in teaching, education, management or administration (for administrative specialists and superintendents).

The District provides a mentoring program for alternatively licensed administrators compliant with State law.

ODE may issue a professional administrative license to an individual with an alternative principal license or alternative superintendent or alternative administrative specialist license in accordance with State law.

For non-educators issued an alternative principal license, the District develops and implements a planned program for obtaining classroom-teaching experience. For non-educators issued an alternative administrative specialist or superintendent license, the District develops and implements a plan that outlines observation or classroom instruction across grade levels and subject areas.

PROFESSIONAL STAFF SUPPLEMENTAL CONTRACTS

Certain positions assigned to professional staff members may require extra responsibility or extra time beyond that required of all professional staff members. When the Board and administration determine the need, qualified staff selected for such positions are provided supplemental contracts and additional compensation.

The Board approves the positions and the compensation for these assignments. Supplemental contracts for such assignments are awarded by the Board upon the recommendation of the Superintendent.

All assignments accorded extra compensation are designated by the Board, as is the compensation for such assignments. Contracts for such assignments are awarded by the Board upon the recommendation of the Superintendent.

Supplemental contracts are limited contracts given for terms not to exceed five years. Supplemental contracts expire automatically at the end of their terms, with or without Board action.

The Board directs the Superintendent/designee to identify those supplemental contract positions that supervise, direct or coach student activity programs that involve athletic, routine/regular physical activity or have health and safety considerations. Individuals accepting these contract positions must complete the requirements established by the Ohio Department of Education and State law.

Coaching Personnel

The Board recognizes the importance of employing qualified coaches for the District's interscholastic athletic teams. The Board further recognizes that qualified coaches are not always available from within the District's certificated staff. The Board, therefore, encourages the selection of coaches from a wide base of applicants, including certificated staff members from within the District, certificated personnel outside of the District and nonteaching applicants.

It is the belief of the Board that the head varsity coach is responsible for the development of sequential skill-building and overall program development in grades 7-12. In order to give overall guidance to the program, the head varsity coach is directly responsible for the selection of his/her assistants (grades 7-12) each year.

The evaluation of all coaches is conducted by the high school principal and/or his/her designee. The head varsity coaches' observations throughout the season may be considered as part of this evaluation process.

It is further understood that the head varsity coach communicates to the assistant coaches (grades 7-12) expectations for scouting responsibilities, practice length/procedures and skills techniques to be taught along with the philosophy and procedures necessary for total program development.

NOTE: Concussion Management

House Bill 143 (effective April 23, 2012) added requirements to State law for concussion management in athletics. The specific requirements are outlined in Ohio Revised Code Section (RC) 3313.539. The law states that if districts are subject to the rules of an interscholastic athletic conference, they will be in compliance if the rules of the organization are substantially similar to that of State law. Districts who are part of the Ohio High School Athletic Association (OHSAA) should already be implementing procedures that are similar to what is now in State law. If your district is not a member of OHSAA, or has sports that are not recognized as OHSAA sports, check with your regulatory organization to ensure compliance with state law.

OHSAA has already made a concerted effort to provide educational resources to member schools on concussion management. This information is outlined in the OHSAA Bylaws and sports regulations.

Specifically, OHSAA has adopted the following sports regulation:

“Any athlete who exhibits signs, symptoms or behaviors consistent with a concussion (such as loss of consciousness, headache, dizziness, confusion or balance problems) shall be immediately removed from the contest and shall not return to play until cleared with written authorization by an appropriate health care professional.”

In Ohio, an “appropriate health care professional” shall be a physician, as authorized under RC 4731 and includes both doctors of medicine (M.D.), doctors of osteopathy (D.O.) and an athletic trainer, licensed under RC 4755.

OHSAA has further defined parameters to guide OHSAA licensed officials, medical personnel and member schools in implementing these guidelines. Information is provided by OHSAA on recognizing signs and symptoms consistent with a concussion. Specific guidelines and expectations for coaches, officials, and students for concussion management are outlined in the OHSAA general sports regulations. Details are additionally outlined in these regulations for when athletes can be returned to play and who is able to decide whether a student is fit to return to practice or competition.

HB 143 amended the requirements for the issuing or renewal of a pupil-activity program permit to coach interscholastic athletics. These permits are issued by the Ohio Department of Education. To receive a first time permit, each individual must successfully complete a training program that is specifically focused on brain trauma and brain injury management. To renew a permit, individuals must present evidence that they have successfully completed a training program in recognizing the symptoms of concussions and head injuries within the previous three years.

OHSAA has a Web page dedicated to sports safety, which includes links to concussion resources. Visit www.ohsaa.org/medicine/sportssafety.htm for more information.

PROFESSIONAL STAFF FRINGE BENEFITS

In addition to basic salary, benefits are recognized by the Board as an integral part of the total compensation plan for staff members. The benefits extended to staff members are designed to promote their present and future economic security while employed by Union Local.

All fringe benefits terminate on the last day of the month of the retirement/resignation date specified in the employee's notice of retirement/resignation sent to the Board/Superintendent. The effective retirement/resignation date is also considered when the employee is no longer employed by the District

PROFESSIONAL STAFF LEAVES AND ABSENCES

A leave of absence is a period of extended absence from duty by a staff member for which written request has been made and formal approval has been granted by the Board. The Board provides a plan for considering leaves and absences for its staff members in accordance with Ohio and Federal laws and Board policies.

Compensation, if any, during leaves of absence depends upon the type of leave. Deductions are made in salaries for absence in accordance with regulations developed by the administration and approved by the Board.

Depending on the type of leave and when the group insurance policy permits, an employee may continue to participate in Board-approved insurance programs, provided that the employee pays the entire premium for these benefits.

A staff member terminates his/her affiliation with the Board if, at the expiration of the specified period of leave, he/she declines the position that is offered to him/her. Assuming his/her contract has not expired during a leave of absence, an employee holds the same contract status upon returning to duty as was held on the date on which the leave began.

Charter Schools Leave of Absence

The Board grants a leave of absence of at least three years to each member of its teaching staff who is an employee at a charter school. If an employee wishes to remain at the charter school beyond the term of the leave of absence, he/she must re-apply to the Board for an additional leave of absence. The Board will consider such requests on a case-by-case basis. The Board re-instates a former employee after they are discharged from the charter school unless the employee is terminated by the charter school for a reason for which the Board itself would have sought to terminate the employee. In such cases, the Board may institute termination proceedings in compliance with State law and/or the negotiated agreement .

Any teacher holding valid certification and returning to employment by the District upon termination of the leave of absence is restored to the previous position and salary or to a position and salary similar to the previous position. The Board may reduce the number of teachers it employs as a result of teachers returning to employment upon termination of a charter school leave of absence. The reduction will be in compliance with the provisions contained in State law and/or the negotiated agreement.

PROFESSIONAL STAFF VACATIONS AND HOLIDAYS

Vacations

Administrative personnel employed on a 12-month basis receive vacations during the contract year as specified in their individual contracts.

A written request for vacation is submitted to the Superintendent for approval. Vacations are allowed, provided they do not hinder the operation of the schools.

Holidays

The school calendar, as adopted by the Board, establishes the school recess periods and holidays for all administrators employed on a school-year basis.

Except as holidays have been declared for the District or vacation days have been scheduled, all professional staff members employed on a 12-month basis (260 workdays per year) are expected to work during the recess periods of the school year.

PROFESSIONAL STAFF RECRUITING

The most important ingredient of a good school system is the quality of the professional staff.

A school system may possess an instructional staff composed of all degreed instructors with a majority holding masters' degrees. But equally important is the infusion of new teachers, which brings new ideas and different types of concerns for education into the system. Therefore, some annual turnover of staff is not only healthy but necessary for a school system to advance.

The recruiting procedures should enable the District to take a look at candidates from a variety of sources, including present staff. Principals and department heads will assist in the interviewing of candidates for positions within their building or department and submit a short checklist type of evaluation report. Final interviews on key positions will involve principals and the Superintendent.

Careful consideration will be given to hiring some teachers with experience but at least some should be well-qualified beginners from a variety of universities. Candidates with experience should be screened very carefully to ascertain the degree of their success in past positions. Reference requests will be made on all promising candidates interviewed. Also, applicants must present college credentials or official transcripts prior to being offered a contract.

In all cases, the policy of the Board will be to employ the best qualified applicant for a given position without regard to race, color, religion, sex, national origin, handicap, age or ancestry.

It is the responsibility of the Superintendent to locate suitable candidates to recommend to the Board for employment.

PROFESSIONAL STAFF HIRING

The Superintendent determines the District's personnel needs and recommends to the Board qualified candidates for employment. Through recruiting and evaluation procedures, the Superintendent recruits and recommends to the Board the employment and retention of personnel.

It is the duty of the Superintendent to see that persons nominated for employment in the schools meet all certification/licensure requirements and the requirements of the Board for the type of position for which the nomination is made.

The following guidelines are used in the selection of personnel.

1. There is no unlawful discrimination in the hiring process.
2. The quality of instruction is enhanced by a staff with widely varied backgrounds, educational preparation and previous experience. Concerted efforts are made to maintain a variation in the staff.
3. Interviewing and selection procedures ensure that the administrator who is directly responsible for the work of a staff member has an opportunity to aid in the selection process. The final recommendation to the Board is made by the Superintendent or by another individual designated by the Board in the event that the Superintendent's nomination would create an unlawful interest in a public contract.
4. No candidate is hired without an interview and a criminal records check.
5. All candidates are considered on the basis of their merits, qualifications and the needs of the District. In each instance, the Superintendent and others having a role in the selection process seek to recommend the best qualified applicant for the job.
6. All candidates for teaching positions must meet the Ohio Department of Education's standards of highly qualified teach (HQT).

While the Board may accept or reject a nomination, an appointment is valid only if made with the recommendation of the Superintendent or by another individual designated by the Board in the event that the Superintendent's nomination would create an unlawful interest in a public contract. In the case of a rejection, it is the duty of the Superintendent to make another nomination.

Employment of Retired Administrators

The Board recognizes that recruiting and retaining highly qualified administrative personnel has become increasingly difficult in Ohio's competitive marketplace. Therefore the Board will, under appropriate circumstances, offer to enter into administrative employment agreements with qualified retired administrators whenever practical and when such action appears to be in the best interests of the District. Retired administrators may be employed as administrators on a part-time or full-time basis.

For purposes of this policy, a "retired administrator" is an individual who has retired pursuant to STRS or SERS rules and regulations.

The Board authorizes and directs the Superintendent to develop administrative regulations to implement this policy at the soonest practicable time.

Rehiring of Retirees

If an employee is retiring and seeks re-employment in the same position, then notice must be given 60 days prior to the date re-employment is to begin. The notice must state that the person is or will be retired and is seeking re-employment in the District. The notice must include the time, date and location of a public meeting, which must take place 15 to 30 days prior to employment.

When circumstances dictate, and in order to maintain continuity of the District's educational program, the employment of previously retired administrative personnel to fill administrative vacancies may be recommended to the Board so long as all of the following conditions are met.

1. An individual's administrative contract is at the discretion of the District. Such contract contains a resignation clause effective at the end of the one-year period.
2. All individual employment contracts expire at the end of the contract period without action by the Board or notice of expiration to the individual administrative employee.
3. A previously retired administrator must execute a written waiver of any evaluation procedures and potential automatic re-employment pursuant to applicable provisions of law.
4. A previously retired administrator must waive eligibility for continuing contract status as a teacher in the District, no matter his/her length of post-retirement service or the number of administrative contracts issued.

10. Previously retired administrators are entitled to all benefits available to administrative employees, unless otherwise limited by contract or the specific provisions of this regulation or law.

Assignment to Nonpublic Schools

Teachers employed by the Board and assigned to nonpublic schools are considered as employees in all respects.

Such teachers will fulfill all requirements established for any other teacher assigned to serve within the District. Such teachers may be re-assigned to serve in any other assignment, either in the public schools or in nonpublic schools, as long as they are qualified to perform such duties.

EVALUATION OF PROFESSIONAL STAFF (Ohio Teacher Evaluation System)

A determination of the efficiency and effectiveness of the teaching staff is a critical factor in the overall operation of the District. The Board evaluates teachers in accordance with State law and the standards-based statewide teacher evaluation framework adopted by the State Board of Education (SBOE).

The Board directs the Superintendent/designee to implement this policy in accordance with State law. The requirements of this policy prevail over any conflicting provisions of collective bargaining agreements entered into on or after September 24, 2012.

Notwithstanding Ohio Revised Code Section (RC) 3319.09, this policy applies to any person employed under a teacher license issued under RC 3319, or under a professional or permanent teacher's certificate issued under former RC 3319.222, and who spends at least 50% of the time employed providing content-related student instruction. This teacher evaluation policy does not apply to substitute teachers or instructors of adult education.

Credentialed Evaluators

Evaluations carried out under this policy are conducted by persons holding evaluator credentials established by the Ohio Department of Education (ODE). Evaluators must complete state-sponsored evaluation training and pass the online credentialing assessment. The Board adopts a list of approved credentialed evaluators chosen from ODE's list.

Effectiveness Rating

Teachers are assigned an effectiveness rating of Accomplished, Skilled, Developing or Ineffective. This rating will be determined based on 50% teacher performance and 50% student growth measures. Student growth will be determined through multiple measures.

Teacher Performance Calculation

Teachers are evaluated via two formal observations and periodic classroom walk-throughs. The teacher performance measure is based on the Ohio Standards for the Teaching Profession.

The Superintendent/designee selects/develops evaluation tools to calculate teacher performance. The Board directs the Superintendent/designee to develop procedures for these evaluation tools.

Student Growth Calculation

For the purpose of this policy, student growth means the change in student achievement for an individual student between two or more points in time. Student growth is evaluated by a combination of: (1) Value-added data or an alternative student academic progress measure if adopted under RC 3302.03(C)(1)(e); (2) ODE-approved assessments and/or (3) Board-determined measures. When available, value-added data or an alternative student academic progress measure if adopted under RC 3302.03(C)(1)(e) shall be included in the multiple measures used to evaluate student growth in proportion to the part of the teacher's schedule of courses or subjects for which the value-added progress dimension is applicable.

If a teacher's schedule is comprised only of courses or subjects for which value-added data is applicable, the entire student academic growth factor of the evaluation for such teachers shall be based on the value-added progress dimension.

Value-added data based on the results of assessments administered in the 2014-2015 and 2015-2016 school years will not be used to assess student academic growth. Such data also will not be used when making dismissal, retention, tenure or compensation decisions. Evaluations for teachers of grade levels and subject areas for which the value-added progress dimension is applicable, and where no other measure is available to determine student academic growth, shall be based solely on teacher performance.

Students with 45 or more excused or unexcused absences during the full academic year will not be included in the calculation of student academic growth. Data from Board-determined multiple measures will be converted to a score of: (1) Least Effective, (2) Approaching Average, (3) Average, (4) Above Average or (5) Most Effective student growth levels.

Teachers with approaching average and least effective student growth ratings must develop an improvement plan with their credentialed evaluators. The Superintendent/designee assigns credentialed evaluators to teachers with approaching average or least effective student growth ratings.

Evaluation Time Line

District administrators evaluate teachers annually. Annual evaluations include two formal observations at least 30 minutes each and periodic classroom walk-throughs. Teachers, who are on limited or extended limited contracts pursuant to State law and under consideration for nonrenewal, receive at least three formal observations during the evaluation cycle.

All teacher evaluations are completed by May 1. Teachers evaluated under this policy are provided with a written copy of their evaluation results by May 10.

The Board evaluates teachers receiving effectiveness ratings of Accomplished on those teachers' most recent evaluations carried out under this policy, and whose student growth measures are at least average or higher every three years. Such evaluations are completed by May 1 of the evaluation year. Teachers evaluated on this basis are provided a written copy of their evaluation results by May 10 of the evaluation year. In years when an evaluation will not take place, one observation is carried out and at least one conference with the teacher is held.

The Board evaluates teachers receiving effectiveness ratings of Skilled on those teachers' most recent evaluations carried out under this policy, and whose student growth measures are at least average or higher every two years. Biennial evaluations conducted under this policy are completed by May 1 of the evaluation year. Teachers evaluated on a biennial basis are provided a written copy of their evaluation results by May 10 of the evaluation year. In years when an evaluation will not take place, one observation is carried out and at least one conference with the teacher is held.

Testing for Ineffective Teachers in Core Subjects

Beginning with the 2015-2016 school year, teachers of core subject areas, as defined by State law, who have received a rating of Ineffective for two of the three most recent school years must register for and take all written examinations of content knowledge selected by ODE.

Retention and Promotion

The Board uses evaluation results for retention and promotion decisions. The Board adopts procedures for use by District administrators in making retention and promotion decisions based on evaluation results.

Seniority shall not be the basis for making retention decisions, except when choosing between teachers who have comparable evaluations.

Poorly Performing Teachers

The Board uses evaluation results for removing poorly performing teachers. The Board adopts procedures for removing poorly performing teachers based on evaluation results.

Professional Development

The Board allocates financial resources to support professional development in compliance with State law and the SBOE's evaluation framework.

EVALUATION OF PROFESSIONAL STAFF
(Administrators Both Professional and Support)

The Superintendent institutes and maintains a comprehensive program for the evaluation of administrative personnel. Administrative personnel are all persons issued contracts in accordance with the Ohio Revised Code. Evaluations should assist administrators in developing their professional abilities in order to increase the effectiveness of District management.

The purpose of administrator evaluations is to assess the performance of administrators, to provide information upon which to base employment and personnel decisions and to comply with State law. All administrators are evaluated annually. In the year an administrator's contract does not expire, the evaluation is completed by the end of the contract year, and a copy is given to the administrator.

In the year an administrator's contract does expire, two evaluations are completed, one preliminary and one final. The preliminary evaluation is conducted at least 60 days prior to June 1 and prior to any Board action on the employee's contract. A written copy of the preliminary evaluation is given to the administrator at this time. Evaluations are considered by the Board in determining whether to re-employ administrators.

The final evaluation includes the Superintendent's intended recommendation for the contract of the employee. A written copy of the final evaluation must be provided to the employee at least five days prior to the Board's action to renew or nonrenew the employee's contract. The employee may request a meeting with the Board prior to any Board action on his/her contract. The employee may have a representative of his/her choice at the meeting.

The evaluation measures the administrator's effectiveness in performing the duties included in his/her written job description and the specific objectives and plans developed in consultation with the Superintendent.

Evaluation criteria for each position are in written form and are made available to the administrator. The results of the evaluations are kept in personnel records maintained in the central office. The evaluated administrator has the right to attach a memorandum to the written evaluation. Evaluation documents, as well as information relating thereto, are accessible to each evaluatee and/or his/her representative.

This evaluation procedure does not create an expectancy of continued employment. Nothing contained herein prevents the Board from making any final determination regarding the renewal or nonrenewal of an administrator's contract.

Ohio Principal Evaluation System (OPES)

Procedures for evaluating principals and assistant principals are based on principles comparable to the Ohio Teacher Evaluation System, but are tailored to the duties and responsibilities of principals and assistant principals and the environment in which they work. Principals and assistant principals are evaluated under the above system, with the inclusion of the following components.

Principals and assistant principals are assigned an effectiveness rating of Accomplished, Skilled, Developing or Ineffective. This rating will be determined based on 50% measures of principal or assistant principal performance and 50% student growth measures. Student academic growth is determined through multiple measures.

Principals and assistant principals are evaluated via two formal observations and periodic building walk-throughs. The 50% principal and assistant principal performance measure is based on the Ohio Standards for Principals. Proficiency on the standards includes consideration of professional goal setting, communication and professionalism, and skills and knowledge.

Student academic growth is evaluated by a combination of: (1) Value-added data; (2) Ohio Department of Education (ODE)-approved assessments and/or (3) Board-determined measures. When available, value-added data shall be included in the multiple measures used to evaluate student growth.

Value-added data based on the results of state assessments administered in the 2014-2015 and 2015-2016 school years will not be used to assess student academic growth. Such data also will not be used when making dismissal, retention, tenure or compensation decisions.

The principal's performance rating is combined with the results of student growth measures to produce a summative evaluation rating according to ODE requirements.

The Superintendent/designee evaluates all principals and assistant principals annually. Annual evaluations include two formal observations at least 30 minutes each and periodic building walk-throughs.

The Board allocates financial resources to support professional development in compliance with State law and the State Board of Education's evaluation framework.

EVALUATION OF PROFESSIONAL STAFF
(Administrators Both Professional and Support)

To assist administrators in the development of their professional abilities, to provide information for employment decisions and to comply with mandates of Ohio law, the following procedures are employed by the Superintendent/designee in evaluating administrative personnel.

1. The evaluator employs the evaluation criteria which are designed to measure the administrator's effectiveness in performing the duties set forth in his/her written job description. All administrators will be evaluated prior to the end of July. The evaluator will also assess the administrator's progress in meeting plans and objectives set for that school year. Areas of outstanding, satisfactory and poor performance will be noted. The Superintendent/designee will meet with each administrator to discuss the written evaluation. The evaluatee is given a copy of the evaluation and has an opportunity to discuss the evaluation with the evaluator at this second meeting.
2. An ongoing dialogue concerning the administrator's objectives will continue and the evaluator and evaluatee will meet as needed or requested.
3. For those employees whose contracts are expiring at the end of the current school year, two evaluations must be completed. A preliminary evaluation must be received by the employee at least 60 days prior to any Board action on the employee's contract. A final evaluation must include the Superintendent's intended recommendation for the contract of the employee. A written copy of the final evaluation must be provided to the employee at least five days prior to the Board's action to renew or nonrenew the employee's contract.
4. The employee may request a meeting with the Board prior to any Board action on his/her contract. The employee may have a representative of his/her choice at the meeting.
5. Assistant superintendents, principals, assistant principals and other administrators are automatically re-employed if they are not evaluated according to State law or provided a meeting, if requested, to discuss their renewal or nonrenewal.
6. All evaluation criteria, procedures and written job descriptions are reviewed annually by the Superintendent/designee and revised as necessary.

EVALUATION OF SCHOOL COUNSELORS

Professional school counselors offer students access to high-quality services that support students' academic, career and social/emotional development. The Board evaluates school counselors in accordance with State law and the standards-based statewide counselor evaluation framework adopted by the State Board of Education (SBOE). The framework is aligned with the Ohio Standards for School Counselors.

The Board directs the Superintendent/designee to implement this policy in accordance with State law. The policy becomes operative at the expiration of any collective bargaining agreement covering school counselors that is in effect on September 29, 2015. The requirements of this policy prevail over any conflicting provisions of collective bargaining agreements entered into on or after September 29, 2015.

Annually, the Board submits to the Ohio Department of Education (ODE) a report regarding implementation of this policy. The name of, or any personally identifiable information about, any counselor reported in compliance with this provision cannot be required.

Effectiveness Rating

School counselors are assigned an effectiveness rating of Accomplished, Skilled, Developing or Ineffective. Each school counselor is evaluated based on multiple factors including performance on all areas identified by the standards for school counselors and the ability to produce positive student outcomes using metrics in order to determine the holistic final summative rating of effectiveness according to ODE requirements. The choice of metrics for student outcomes will be determined locally and will include information from the school or school district's report card when appropriate.

Evaluation Time Line

District administrators evaluate school counselors annually except as otherwise appropriate for high performing school counselors. Annual evaluations include two formal observations of at least 30 minutes each and informal observations. Counselors will be provided with a written report of the evaluation.

The Board evaluates school counselors receiving effectiveness ratings of Accomplished on the counselors' most recent evaluations carried out under this policy, and whose metric of student outcomes for the most recent school year for which data is available is skilled or higher on the evaluation rubric every three years. In years when an evaluation will not take place, one observation is carried out and at least one conference with the counselor is held.

The Board evaluates school counselors receiving effectiveness ratings of Skilled on the counselors' most recent evaluations carried out under this policy, and whose metric of student outcomes for the most recent school year for which data is available is skilled or higher on the evaluation rubric every two years. In years when an evaluation will not take place, one observation is carried out and at least one conference with the counselor is held.

Professional Growth and Improvement Plans

School counselors with a final summative rating of Accomplished must develop a professional growth plan.

School counselors with a final summative rating of Skilled must develop a professional growth plan collaboratively with their evaluator.

School counselors with a final summative rating of Developing must develop a professional growth plan with their evaluator. The Superintendent/designee approves the professional growth plan.

School counselors with a final summative rating of Ineffective must develop an improvement plan with their evaluator. The Superintendent/designee approves the improvement plan.

The District has discretion to place a school counselor on an improvement plan at any time based on deficiencies in any individual component of the evaluation system.

Retention and Promotion

The Board uses evaluation results for retention and promotion decisions for school counselors beginning with the 2017-2018 school year. The Board adopts procedures for use by District administrators in making retention and promotion decisions based on evaluation results.

Poorly Performing Counselors

The Board uses evaluation results for removing poorly performing counselors beginning with the 2017-2018 school year. The Board adopts procedures for removing poorly performing school counselors based on evaluation results.

Professional Development

The Board allocates financial resources to support professional development in compliance with State law and the SBOE's evaluation framework.

REDUCTION IN PROFESSIONAL STAFF WORKFORCE

When the Board determines that it is necessary to reduce the number of professional staff positions, the following procedures shall apply.

1. To the extent possible, the number of staff members affected by a reduction in force will be minimized by not employing replacements for staff members who retire, resign or whose contracts are not renewed for reasons other than reduction in force.
2. Reductions needed beyond those resulting from attrition are made by suspending or nonrenewing contracts. Those contracts to be suspended are chosen as follows.
 - A. All staff members are placed on seniority lists. Seniority is defined as the length of continuous service in the District. Seniority is not interrupted by authorized leaves of absence.
 - B. Reductions shall be made with preference being given first to staff members with continuing contracts and secondly to seniority.
 - C. If two or more staff members have the same length of continuous service, seniority will be determined by:
 - 1) the date of the Board meeting at which the staff member was hired;
 - 2) next, by the date on which the staff member signed his/her initial contract in the District (in the event two or more staff members were hired on the same date) and
 - 3) then, the date on which the staff member submitted the first completed job application within the two-year period preceding the effective date of the staff member's first contract with the Board, if the date is known.

If a tie remains after steps 1, 2 and 3, the Superintendent decides which contract is suspended.

3. The names of staff members whose contracts are suspended in a reduction-in-force action are placed on a recall list for up to 12 months from the date of the reduction. Staff members on the recall list have the following rights.
 - A. No new staff members will be employed by the Board while there are staff members on the recall list who are certificated to fill the vacancy.

- B. Staff members on the recall list are recalled in order of seniority for vacancies in areas for which they are certificated.
- C. If a vacancy occurs, the Board will send an announcement via certified mail to the first known address of all staff members on the recall list who are qualified according to these provisions. It is the staff member's responsibility to keep the Board informed of his/her current address. All staff members are required to respond in writing to the District office within seven calendar days. The most senior of those responding is offered the vacant position. Any staff member who fails to accept the position within seven calendar days forfeits all recall rights.
- D. A staff member on the recall list, upon acceptance of the notification to resume active employment status, returns to active employment status with the same seniority, accumulation of sick leave and salary schedule placement as he/she held at the time of layoff. A staff member on the recall list who is unemployed and does not otherwise have group insurance coverage available may continue to participate for up to 18 months in those benefits which are provided to those in active employment, provided that the staff member pays 102% for such benefits.

SEVERANCE PAY

Retirement

Severance pay is based on a one-time, lump sum payment to eligible employees. An employee's eligibility for severance pay is determined as of the final date of employment. The criteria are as follows.

1. The individual retires from the District.
2. Retirement is disability retirement or service retirement under any State or municipal retirement system in this State.
3. The individual must be eligible for disability or service retirement as of the last date of employment.
4. The individual must prove acceptance into the retirement system within 120 days of his/her last day of employment by having received and cashed his/her first retirement check.
5. The individual must have not less than nine years of service with this District, the State or its political subdivisions or any combination thereof.
6. The individual must sign for his/her severance check certifying that all eligibility criteria have been met.

The amount of the benefit due an employee shall be calculated by:

1. multiplying the employee's accrued but unused sick leave by one-fourth and
2. multiplying the product times the per diem rate of pay appropriate for that individual's placement on the salary schedule at the time of retirement.

The amount of the benefit calculated in steps 1 and 2 shall not exceed the value of 72 days of accrued but unused sick leave.

Receipt of payment for accrued but unused sick leave eliminates all sick leave credit accrued by the employee.

The Board pays retirement severance pay to the estate or life insurance beneficiary of a retired qualified employee who dies while actively employed.

SUSPENSION AND TERMINATION OF PROFESSIONAL STAFF MEMBERS

Suspension

The Board may suspend a professional staff member pending final action to terminate his/her contract if, in its judgment, the character of the charges warrants such action.

Termination

The contract of a professional staff member may be terminated for good and just cause. Further, should a teacher fail to maintain a valid teaching certificate/license, that teacher shall be immediately terminated. It is the responsibility of each teacher to apply and qualify for the renewal of any certificate/license and to file such certificate/license with the Superintendent's office by the first employee workday of the adopted school year calendar. Before terminating any contract, except for failing to maintain a valid certificate/license which will result in an immediate termination, the Board furnishes the professional staff member a written notice signed by the Treasurer of its intention to consider termination of his/her contract and specification of the grounds for such consideration. The Board informs the professional staff member of his/her right to request a hearing by the Board or by an independent referee. At such a hearing, both parties may be represented by counsel and present and cross-examine witnesses. A stenographic record of the proceedings is made. After the hearing, the Board makes its determination by majority vote. Any order of termination of a contract states the grounds for termination.

If the suspension or termination is based in whole or in part on the results of a consumer report (as that term is used in the Fair Credit Reporting Act), the Board furnishes the professional staff member with pre-adverse action and adverse action notices required by the Fair Credit Reporting Act.

Teachers may only be suspended or terminated under the terms of the collective bargaining agreement and/or State law.

No teacher may tutor for pay a student who is a member of his/her class. Tutorial assistance to students is considered a normal responsibility of the teacher, except in extenuating circumstances.

A teacher may tutor other students on school premises for pay only in accordance with the following conditions.

1. Tutoring is done after the regular school day, unless special exceptions are approved by the Superintendent.
2. Tutoring in the school must have the approval of the principal and must be in accordance with District requirements and guidelines for community use of school facilities.

SUPPORT STAFF POSITIONS

The Board as employer may grant the Superintendent or other official authority to develop support staff positions for employees who are neither teachers nor administrators on an as-needed basis. The positions may be developed by Board resolution or upon recommendation of the Superintendent and approval by the Board.

Similarly, the Superintendent develops a job description for each position subject to Board approval.

Although positions may remain temporarily unfilled or the number of persons holding the same type of position may be reduced in the event of required staff reduction, only the Board abolishes a position which it has created.

The Superintendent keeps all job descriptions current and presents recommended changes to the Board for approval.

SUPPORT STAFF CONTRACTS AND COMPENSATION PLANS

Contracts

All newly hired, regular support staff employees, including regular hourly rate and per diem employees, enter into written contracts for their employment, which are for a period of not more than one year. If such employees are rehired at the end of their first contracts, their subsequent contracts are for periods of two years.

After the expiration of the two-year contract, if the contract of an employee is renewed, the employee receives a continuing contract. The salary provided in the contract may be increased but not reduced unless such reduction is a part of a uniform plan affecting the support staff employees of the entire District.

Compensation Plans

In determining and developing salary schedules for support staff other than administrators, the Board considers the responsibilities of the position, the qualifications needed, past experience of the individual and years of service credit.

Salaries for support staff are reviewed and established annually by the Board upon the recommendation of the Superintendent.

In compliance with Ohio law, employees are notified in writing by July 1 of their salary for the following school year.

Such schedules take into account the qualifications required, the responsibilities of the position and work experience. Initial placement on the schedule may take into consideration the employee's previous experience.

An employee must serve two-thirds of his/her particular work year in order to qualify for the yearly increment on a salary schedule.

SUPPORT STAFF PUPIL ACTIVITY CONTRACTS

The Board believes that a varied cocurricular program adds depth and richness to the academic program, teaching skills and life lessons not easily learned in the classroom. The Board also recognizes the importance of positive adult leadership in pupil activity programs.

Nonlicensed/Noncertificated staff members may be awarded pupil activity contracts. Compensation for the position is at the same Board-approved rate as that paid to licensed individuals.

Any nonlicensed/noncertificated staff member desiring to accept a pupil activity contract must hold a valid pupil activity permit issued under rules adopted by the State Board of Education. The Board may terminate or suspend the pupil activity contract if this permit is suspended, revoked or limited by the State Board of Education.

Pupil activity contracts are limited nonteaching contracts in effect for a term not to exceed one year. The Board provides written notice of nonrenewal on or before June 1 of each year.

The Board approves the positions and the compensation for these assignments. Contracts are awarded by the Board upon the recommendation of the Superintendent. The Board meets all requirements of the Fair Labor Standards Act.

The Board directs the Superintendent/designee to identify those pupil activity contract positions that direct, supervise or coach programs that involve athletic, routine or regular physical activity or involve health and safety considerations. Individuals accepting these contract positions must meet the requirements established by the Ohio Department of Education and State law.

Charter Schools Leave of Absence

The Board grants a leave of absence of at least three years to each member of its support staff who is an employee at a charter school. If an employee wishes to remain at the charter school beyond the term of the leave of absence, he/she must re-apply to the Board for an additional leave of absence. The Board will consider such requests on a case-by-case basis. The Board re-instates a former employee after they are discharged from the charter school unless the employee is terminated by the charter school for a reason for which the Board itself would have sought to terminate the employee. Vacations

Certain support staff personnel are eligible for vacation after the first full year of employment. Those employed for 11 or 12 months receive vacation with pay in compliance with Ohio law or the negotiated agreement.

Holidays

The following holidays have been established by law as paid holidays: New Year's Day, Martin Luther King Day, Memorial Day, Independence Day, Labor Day, Thanksgiving Day and Christmas Day. If Independence Day, Christmas Day or New Year's Day falls on a Saturday, employees will not be required to work on the preceding Friday. When any of these days falls on a Sunday, employees are not required to work on the following Monday. Employees are eligible for paid holidays only if they accrue earnings the day before and the day after the holiday.

PART-TIME, TEMPORARY AND SUBSTITUTE SUPPORT STAFF EMPLOYMENT

Part-time, temporary and substitute support staff are employed as necessary for the efficient operation of the District.

The District maintains lists of persons qualified to serve in various support positions so that substitutes and temporary help may be obtained as needed. The Board approves such persons for substitute and temporary employment on the recommendation of the Superintendent.

Part-time, temporary and substitute support staff employees are paid in accordance with hourly rates established by the Board. Substitute and temporary employees are entitled to sick leave at the rate established by law. Regularly employed, part-time employees are entitled to sick leave on a prorated basis, based on a full-time schedule. Other privileges and benefits may be provided to regularly employed part-time employees.

SUPPORT STAFF EXTRA DUTY

1. Hours worked means all hours during which the individual is required to be on duty -- generally from the required starting time to normal quitting time.
 - A. Meal periods do not count as hours worked unless the individual is required to perform work duties during the meal period.
 - B. Break periods of 20 minutes or less count as work time.
 - C. Hours for which an employee is compensated for sick leave, but during which he/she does not actually work, are not computed as "hours worked" for the purposes of determining overtime eligibility.
2. Individuals who begin work earlier or work later than their assigned hours must receive prior authorization from their immediate supervisor.
3. Individuals who work more than 40 hours during any work week may be awarded compensatory time off. Compensatory time is awarded at the rate of one and one-half hours for each hour of overtime worked.
 - A. Compensatory time may be accrued up to 240 hours (160 overtime hours). The employee is compensated for time worked beyond this maximum accrual at the rate of one and one-half times his/her normal hourly rate of pay.
 - B. Efforts are made to permit the use of compensatory time as the time mutually agreed upon by the employee and his/her supervisor. When the employee's absence would unduly disrupt the District's operations, the District retains the right to postpone compensatory time usage.
 - C. Individuals with unused compensatory time who are terminated or who terminate their employment are paid for unused compensatory time according to the following:
 - 1) The rate of compensation is not less than the average regular rate received by the employee during the last three years of his/her employment or the final regular rate received by the employee, whichever is higher.
4. Employees covered by this policy are required to complete a daily time record showing actual hours worked. Failure to maintain or falsification of such records may be grounds for disciplinary action.

EVALUATION OF SUPPORT STAFF

Regular evaluation of all support staff is intended to bring about improved services, to provide a continuing record of the service of each employee and to provide evidence on which to base decisions relative to assignment and re-employment.

The Superintendent establishes a continuing program of performance evaluation for the support staff. The program includes written evaluations and a means of making the results known to the evaluated employee.

The services of all support staff employees are evaluated at least once each year. Procedures used in the evaluation process are subject to Board approval or in accordance with the negotiated agreement.
