PUBLIC'S RIGHT TO KNOW

The Board supports the right of the people to know about the programs and services of their schools and makes efforts to disseminate appropriate information. Each building principal is authorized and expected to keep the school's community informed about the school's programs and activities. The release of information of Districtwide interest is coordinated by the Superintendent.

Business of the Board is discussed and decisions are made at public meetings of the Board, except such matters required to be discussed in private executive sessions.

The official minutes of the Board, its written policies, its financial records and all other public records are open for inspection in the central office during the hours when the administrative offices are open.

Each Board member attends public records training every term for which he/she is elected to public office. However, the Board may designate one or more persons to attend public records training on its behalf. If so decided, the Board appoints a designee whenever the composition of the Board changes.

The District may ask that the identity of an individual requesting information and the reason the information is sought be in writing. The District first informs the requester that such disclosure is not mandatory, unless the request is for student directory information. The District also informs the requester that providing such information in writing enhances the District's ability to identify, locate or deliver the records sought. The District may also ask that the request be put in writing, but notifies the requester that it is not mandatory to do so.

Any individual who wants to obtain or inspect a copy of a public record may request to have the record duplicated on paper, on the same medium on which the record is kept or on any other medium that the Superintendent/designee determines reasonable. If the request is ambiguous or overly broad, the District informs the requester of the manner in which records are maintained and accessed in the ordinary course of business and allows the requester to revise the request.

The Public Records Law does not require the District to create new documents in order to satisfy a request for information, to create a new record retrieval system or to store by particular categories for the sole purpose of providing greater access.

Records pertaining to individual students and other confidential materials are not released for inspection. Only that information deemed "directory information" may be released from an individual student's file, and only after complying with the regulations prepared by the administration for the release of such information. Student directory information is not released for profit-making purposes or when parents have affirmatively withdrawn their consent to release in writing. Student records that consist of "personally identifiable information" generally are exempt from disclosure.

All records responsive to the request are made available in a reasonable period of time. The District makes the requester aware of any information that is exempt from disclosure requirements by notifying the requester of any redacted information or by making redactions in a plainly visible manner. If a public records request is denied, the District provides an explanation with legal authority for the denial of the request. This explanation is provided in writing if the request is made in writing or if the Superintendent/designee determines written explanation is necessary.

The Superintendent/designee transmits the information sought by mail or by any other means of delivery requested, if the method is reasonably available. The number of requests physically sent by mail or another delivery service to any one person may be limited to 10 a month unless the person certifies, in writing, that neither the records nor the information in them will be used for commercial purposes. If the District provides public records on a free and accessible website the number of requests delivered in a digital format to any one person may be limited to 10 a month unless the records requested are not provided on the website and the person certifies, in writing, that neither the records nor the information in them will be used for commercial purposes.

A fee may be charged for copies and/or delivery. The District may require the fee charged for copies and/or delivery be paid in advance.

The Board's public records policy is posted in a conspicuous location in the central office and in all other District buildings and employee handbooks provided by the District. The policy is distributed directly to the records custodian and receipt of the policy by the custodian is acknowledged. A copy of the records retention schedule is maintained and readily available to the public in the central office.

In addition to electing fellow citizens to represent them on the school board, all citizens may express ideas, concerns and judgments about the schools to the administration, to the staff, to any appointed advisory bodies and ultimately to the Board. Ideas should be addressed to the responsible individual in an appropriate fashion.

COMMUNITY USE OF SCHOOL PREMISES
(Equal Access)

The Board encourages the community use of school premises. It is necessary, however, to ensure that such use does not interfere with the regular school purposes, impose undue burden upon personnel or strain the limited funds allotted for building services and maintenance; therefore, specific regulations have been established.

Conditions Governing Use of School Premises

1. An employee of the Board must be on duty whenever a school building or school stadium is used by an organization or group.
2. No building is used for commercial or personal gain.
3. No building is used for any fundraising activity unless the proceeds are for approved charitable, educational, character building or other community welfare purposes.
4. Out-of-school groups do not begin with their activities until school is dismissed in the afternoon and the students have left the building.
5. On days when school is closed because of snow or other calamity, all activities scheduled for that date are canceled or postponed.
6. Buildings are not used for recreation by outside groups on Sundays or legal holidays.
7. Building use is not permitted for private individuals or family affairs. Buildings are to be reserved for community group use only.
8. No group will, under any circumstances, tamper with any electrical or heating controls.
9. The kitchen is not used by any group unless arrangements are made to have one of the regular food service workers present.
10. There is no smoking or alcohol consumption in the building.

12. The procedure for use of the football stadium follows the conditions outlined for the use of the buildings. Special emphasis is given to providing sufficient law enforcement protection and adult supervision.

13. School-sponsored student groups must have an employee present at the activity. Non-school-sponsored student groups must have an employee present or an adult approved by the Superintendent.
14. Groups that use school premises must possess liability insurance.

When the building is used without the services of the custodial staff, the principal is responsible for the care and security of the building.

A sponsoring organization or group must indicate that it:

1. intends to provide a program that promotes the welfare of the community and be for community purposes;
2. guarantees orderly behavior;
3. underwrites any damages due to its use of the premises;
4. pays for the use of equipment, property or grounds at the established rates and
5. possesses liability insurance.

Applications must be issued on a designated form. The following conditions are to be observed:

1. Afternoon meetings must end by 6:00 p.m. and evening meetings by 10:00 p.m.

5. Service from the custodial staff is to be limited to admitting the organization after its sponsor arrives, assisting the sponsor in an advisory capacity concerning the facilities to be used and closing up and properly securing the facilities when the organization has left.

Processing the Application

Application forms are available in the office of the Superintendent. The application of a community group to use a school premises is filed with the Superintendent at least 30 days prior to the date of the proposed use.

After the application is cleared by the principal, it is sent back to the Superintendent at least 10 days in advance of anticipated use. The Superintendent arranges for special custodial or kitchen help. After checking for any type of District conflict on the composite calendar, the responsible school official notifies the applicant of the approval or disapproval of the request at least seven days in advance of the requested date of use.

Use of Special Equipment

Arrangements for the use of special equipment such as projectors, pianos, public address systems, scoreboard controls or other equipment belonging to a school must be made with the Superintendent at the time application is filed. The use of kitchen equipment for food preparation and sanitizing of dishes, utensils and tableware requires the assignment of a food service worker.

For the purpose of this policy, “tobacco” is defined to include any lighted or unlighted cigarette, cigar, pipe, bidi, clove cigarette and any other smoking product, and spit tobacco, also known as smokeless, dip, chew and snuff, in any form.

For the purpose of this policy, electronic cigarettes are considered “tobacco.”

Tobacco Use Prohibited

Providing Notice

“No Tobacco” signs will be posted throughout the District at entrances and other appropriate locations in all academic buildings, administrative spaces and athletic fields. District vehicles will display the international “No Smoking” insignia. Announcements will be made during home athletic events both before the event and during intermission, as well as at all school functions where deemed appropriate. School programs will include a written reminder of the no tobacco use on District property policy.

Citizens failing to comply with this policy are educated as to State law and the Board's policy on smoking. Persons refusing to extinguish smoking materials are directed to leave school property and may be fined by the Ohio Department of Health or its designees.

The following disciplinary actions may be taken against school visitors found in violation of this policy

PUBLIC GIFTS TO THE DISTRICT

Gifts, grants or bequests are accepted by the Board, provided the conditions of acceptance do not remove any portion of the control of the District from the Board.

Any person or organization desiring to give a gift or make a grant or bequest to the Board must contact the Superintendent, who submits the request to the Board.

Proposals for giving funds, equipment or materials to the District with a “matching” agreement or restriction are discouraged. Acceptance of donated equipment or materials may depend upon the compliance with or experience related to, the Board’s policy of standardizing materials and equipment.

Whenever the District has an established project, contributions which reduce the cost or hasten the completion are welcome.

ADVERTISING IN THE SCHOOLS

General Guidelines

1. Any materials received or distributed as part of a public-private partnership must be age appropriate and in the best interest of students.
2. If the economic benefit from a partnership exceeds \$2,500 to a school or the District, the agreement must be in writing and approved by the Board.
3. If the agreement requires a contract, the contract may not be for longer than five years, or provide for automatic renewals or extensions, nor may it subject the District to payment during periods beyond the length of the contract or in excess of the prorated benefit in the event of early termination.

Sponsored Educational Materials and Advertising in the Curriculum

Sponsored educational materials, whether purchased or provided free of charge by the sponsor, are not used in the classroom unless the District has reviewed them and found them to meet the following standards:

1. Accuracy: Statements are consistent with established fact or prevailing expert opinion.
2. Objectivity: Points of view are fairly represented. If the subject is controversial, arguments are balanced. Any sponsor bias is clearly stated and references to differing views are made.
3. Completeness: The materials contain all relevant information and do not deceive or mislead by omission.
4. Language: Materials are both interesting and readable.

Logo Advertising on School Grounds

1. All company logos appearing on school property, including non-cash donations provided by sponsors, are for identification purposes only.
2. Logos are not permitted inside or on the outside of school busses.

3. Public signs expressing the District's appreciation of an enterprise's support for education are permitted if approved by the Superintendent/designee.
4. Students are not required to wear the logo of any manufacturer for any school activity.

Advertising in Electronic Media

1. Except for courses of study which have specific lessons related to advertising, District students are not required to observe, listen to or read commercial advertising in the classroom.
2. The District will not enter into any contract to obtain electronic equipment or software that obligates the District to expose students to advertising directed at young people during school time.
3. The District will not post information about school procedures or events on electronic media that contain advertising directed at students or where personal information including, but not limited to, names, home addresses and telephone numbers is collected from students by service providers.

VISITORS TO THE SCHOOLS

The Board encourages parents and other citizens of the District to visit classrooms to observe the work of the schools and to learn what the schools are doing.

To ensure that no unauthorized persons enter buildings, all visitors to schools must report to the school office and sign in when entering, to receive authorization before visiting elsewhere in the building. (This policy does not apply when parents have been invited to an assembly program.)

Unauthorized persons are not permitted in school buildings or on school grounds. School principals are authorized to take appropriate action to prevent such persons from entering buildings and loitering on the grounds.

RECRUITERS IN THE SCHOOLS

All recruiters, military, employment and educational, are treated uniformly in the conduct of on-campus student recruitment. Scheduling of recruiting visits to the District is announced to the student body in advance. Recruiters are afforded the opportunity to conduct meetings during the school day with those students who are interested.

All group meetings are scheduled through the principal's office. Classroom teachers who schedule recruiters as a career awareness activity should coordinate these activities through the principal's office.

In order to maintain the privacy of students, the Board prohibits the disclosure of any student list to any commercial organization which intends to use the list for commercial purposes. "Student list" is defined as Board-approved directory information. "Commercial organization" is defined as any entity which is a for-profit organization. "Commercial purpose" is defined as any activity which is an attempt to solicit business for profit.

Names and addresses of students in grades 10 through 12 must be released to a recruiting officer of the armed forces unless a parent or student (age 18 or older) submits a written request not to release the information.

PUBLIC COMPLAINTS

Constructive criticism of the District is welcomed by the Board. Although no member of the community is denied the right to bring his/her complaints to the Board, he/she is referred to the proper administrative channels for solution before investigation or action by the Board. Exceptions may be made when the complaints concern Board actions or Board operations.

The Board believes that complaints and grievances are best handled and resolved as close to their origin as possible. The staff should be given the opportunity to consider the issues and attempt to resolve the problems prior to involvement by the Board. The proper channeling of complaints involving instruction, discipline or learning materials is as follows:

1. employee
2. principal
3. Superintendent
4. Board of Education

If a complaint, which was presented to the Board and referred through the proper channels, is resolved before it comes back to the Board, a report of the disposition of the matter is made to the Board and then placed in the official files.

The Board expects the staff to receive complaints courteously and to make a proper reply to the complainant.

Matters referred to the Superintendent and/or Board must be in writing and are expected to be specific in terms of the action desired.

PUBLIC COMPLAINTS ABOUT THE CURRICULUM OR INSTRUCTIONAL MATERIALS

The Board recognizes the need and right of students to free access to many different types of books and materials. It also recognizes the right of the professional staff to select books and other materials supportive of the Board's educational philosophy and goals.

Criticism of a book or other materials used in the District may be expected from time to time. In such instances, the following guidelines shall apply.

1. If a parent requests that his/her own child not read a given book, the teacher and/or school administrator should resolve the issue, perhaps by arranging for use of alternative material meeting essentially the same instructional purpose.
2. The Board does not permit any individual or group to exercise censorship over instructional materials and library collections, but it recognizes that, at times, a re-evaluation of certain material may be desirable. Should an individual or group ask to have any book or other material withdrawn from school use, the following steps are taken.
 - A. The person who objects to the book or other material is asked to sign a complaint on a standard form documenting his/her criticism.
 - B. Following receipt of the formal complaint, the Superintendent provides for a re-evaluation of the material in question. He/She arranges for the appointment of a review committee from among the faculty and community to consider the complaint.
 - C. The Superintendent reviews the complaint and the committee's re-evaluation and renders a decision in the matter. Should the decision be unsatisfactory to the complainant, it may be appealed to the Board.

The Board assumes final responsibility for all books and instructional materials which it makes available to students and it holds its professional staff accountable for their proper selections. The Board also recognizes rights of individual parents with respect to controversial materials used by their own children and provides for the re-evaluation of materials in library collections upon formal request.

PUBLIC COMPLAINTS ABOUT DISTRICT PERSONNEL

Complaints about personnel are investigated fully and fairly. Before any such complaint is investigated, it must be submitted in writing and signed. Anonymous complaints are disregarded.

Whenever a complaint is made directly to the Board as a whole or to a Board member as an individual, it is referred to the school administration for study and possible solution.

The Superintendent develops, for approval by the Board, procedures that ensure prompt and fair attention to complaints against school personnel. The procedure requires that an employee who is the object of a complaint be informed promptly and be afforded the opportunity to present the facts as he/she sees them.

If it appears necessary, the administration, the person who made the complaint or the employee involved may request an executive session of the Board for a formal hearing. Statutory restrictions on executive sessions are observed. Any Board action on the matter is taken in public session.

PUBLIC COMPLAINTS ABOUT DISTRICT PERSONNEL

The following procedures are to ensure that a citizen's complaint is given respectful attention and that the integrity of the educational program is upheld. "Complaint" in this regulation is restricted in meaning to that criticism of a particular employee by a citizen of the District which includes or implies a demand for action by District authorities. Other comments and suggestions are referred informally to appropriate personnel.

1. If a complaint comes first to the person against whom it is directed, he/she listens and may try to resolve the difficulty by explaining the background and educational purpose involved. If the complaint remains unsatisfied, the employee refers the complainant to the building principal or other immediate supervisor to have his/her views considered further. Whether the complaint terminates with the individual staff member involved or seems likely to go further, the staff member immediately informs his/her supervisor of the complaint.
2. If a complaint comes first to the principal or other supervisor of the person criticized, the principal or supervisor should make no commitments, admissions of guilt or threats. If the complaint involves a particular employee, the supervisor should suggest a conference between the complainant and the employee criticized and should inform that employee immediately of the complaint. If the complainant has already met with the employee criticized and remains unsatisfied, the supervisor should invite the complainant to file the complaint in writing.
3. If a complaint comes first to any other school employee, that employee refers the complainant to the person criticized or to his/her immediate supervisor and immediately informs both.
4. No further action on the complaint should be taken unless the complainant submits the complaint in writing.
5. When a written complaint is received, the principal or other supervisor schedules a conference with the complainant, the person criticized and if advisable, the department chairman or other personnel who, in the opinion of either the supervisor or the person criticized, could contribute to resolution of the problem.
6. If the complainant is not satisfied with the results of the conference above, he/she should then be referred to the Superintendent, who may handle the complaint personally or refer it to other personnel, as he/she may see fit.
7. Should dissatisfaction remain after the above steps have been taken, the matter may be placed on the agenda for the next regularly scheduled Board meeting. The decision of the Board is communicated in writing to all interested persons.

(Approval date: January 11, 2001)

RELATIONS WITH PARENT ORGANIZATIONS

The Board supports all organizations of parents whose objectives are to promote the educational experiences of District students. However, in using the name of the District or its schools and in organizing a group whose identity derives from a school(s) of the District, parent organizations share responsibility with the Board for the welfare of participating students.

Parent organizations desiring to use the name or offices of the District to organize students must obtain the approval of the Board as a prerequisite. Continued use of the school's name, logo, mascot, etc., is contingent upon compliance with all applicable Board policies and regulations.

Principals and staff members need to work closely with the officers of all parent organizations to provide a sustained system of activities that increase and enhance the educational opportunities for students. The activities must be integrated and balanced in accordance with the total District educational program and District goals and objectives and must comply with all State and local laws and regulations.

Parent organizations meeting the charitable trust filing requirements must file with the Ohio Attorney General and submit to the Superintendent a certificate indicating that filing requirements have been met.

Parent organizations that wish to construct anything on school property must have the permission of the Board in advance of the construction project. The organization must provide the Board, in writing, proof of financial stability and that funds are available for the construction project.

Acceptance of donated equipment or materials may depend upon the compliance with, or experience related to, the Board's policy of standardizing materials and equipment.
