Day 1, 2 and 3 **All classes:**

- At the end of each day, please bring in your work so that I may give you credit for it, or you may take a picture of it and send it to my email at [Imarple@ulschools.com](mailto:Imarple@ulschools.com)

### **Art 1- Still Life Fruit Drawing in graphite**

Using your skills from the past Graphite drawing, please arrange a bowl of fruit or find a picture of a bowl of fruit in Google images and draw it using the 0-10 shades method with 0 being your white and 10 being the blackest area with a 2B pencil. As a reminder from the different shades of pencils you learned earlier, that is a regular standard yellow pencil you can get anywhere.

- Make sure your light source is easily recognizable.

Please draw it as an 8 X 10 size using your printer paper, xerox paper or if you do not have that, regular notebook paper. Remember to make this as real as possible with no outlines.

**Day 1-**Please spend 50 minutes on this lesson for day 1 sketching your picture out

**Day 2-**Then enhance it with adding your shades from 0-10 using another 50+ minutes- Your light source should be noticeable from wither the left or right or from the front.

**Day 3-** Continue and finish your bowl of fruit with all of its shadows and highlights

### **Art 2- Graphite self (SELFIE) portrait in graphite**
