

Design Techniques - Mrs. Galownia

Day 2

Visit at least three local business websites. Write a brief critique of one of the websites – discuss the layout and design, discuss the photographs, and list good points and areas of improvement. Your critique should be at least 3 paragraphs. Make sure you give the address of the website you visited.

If possible write this report using Google Docs and email to me at agalownia@ulschools.com

Enjoy the day!
