

## **Design Techniques - Mrs. Galownia**

### **Day 3**

Visit at least three government (can be military, state or federal) websites. Write a brief critique of one of the government websites – discuss the layout and design, discuss the photographs, and list good points and areas of improvement. Your critique should be at least 3 paragraphs. Make sure you give the address of the website you visited.

If possible write this report using Google Docs and email to me at [agalownia@ulschools.com](mailto:agalownia@ulschools.com)

Enjoy the day!
