

Meholovitch - MS Computers

6th Grade

Students will practice their typing skills on www.typingtest.com for 20-30 minutes, (5 minute sessions)

7th Grade

Students will use Google Docs to create and share a document entitled Ohio History. Students will then search for "four" websites that provide relevant history in regards to Ohio in some way. For example: A website that details the history of Morristown, OH. OR A website that discusses Ohio's involvement in the Civil War. Or possibly famous Ohioans such as the Wright Brothers or John Glenn. Once a website is found provide its Web Address and a 5-6 sentence paragraph detailing what the website has to offer (pictures, videos, etc..) as well as a review of the historical topics discussed on the website.

8th Grade

Students will use Google Docs to create and share a document entitled Website Reviews. Students need to Google search for relevant websites that relate to their 5 CORE subjects. For example: www.discovery.com for Science or www.history.com for Social Studies. They then need to write a review of the website detailing its usefulness in regards to the subject, as well as what the website has to offer. (pictures, videos, games....) Students need to provide the web address of the site they found as well as a 5-6 sentence review. 5 Reviews/Websites..... Math, Science, English, Social Studies, Reading.
