### **Day 2**

Go to the following website: <http://www.schooltube.com/> View several different school produced videos. Write a brief critique on 1 of the videos -- giving good points and areas of improvement. The critique should be at least 3 paragraphs. Please list the complete web address for the video you watched.

If possible write this critique in Google Docs and email to me at [agalownia@ulschools.com](mailto:agalownia@ulschools.com)

Enjoy the day!
